## The Redistribution Committee

I'm writing to object to the proposal to change the Division of Corangamite to 'Tucker'.

Corangamite comes from an aboriginal words meaning 'Bitter/Salty' for Victoria's largest lake.

It apparently is from the Djargurd Wurrung tribe who lived in this area.

Terang and Cobden also have aboriginal linkage to this tribes words, so I have no idea as to why to change something not broken.

Also I noticed 'Tucker' represents

Yorta Yorta tribe.

The ~~aff~~ involved to change comes from TAX PAYERS !!

Yours Sincerely  
Maureen Turner.
