

Objection 34

Therese Mulholland

1 page

The Monash freeway should be the southern boundary for the division of Chisholm. The Monash freeway acts as very strong boundary between the communities on both sides of the freeway who both have little in common with the other. Thus, I object to the draft boundaries for Chisholm/Hotham. The southern boundaries for Chisholm should be along the Monash Freeway and Wellington Road to the Dandenong Creek. If the numbers do not permit for this, a boundary along the Monash Freeway and Police Road to the Dandenong Creek would be an acceptable alternative. The southern boundary SHOULD NOT cross the Monash Freeway.
