

Objection 21

Sue

1 page

I just wanted to say thankyou for preserving the names Cowan and Tangney. It matters to see those honours to our pioneering political women be retained, and it's been disappointing to see people arguing for them to be removed for petty party-political reasons, as if a short-term political gain in seat numbers were more important than honouring women's participation in democracy. Thankyou for retaining Cowan, Stirling as a name is no loss.
