1/2

Dear Redistribution committee,

I tried to submit this in the objections but it wasn't published.

We have been residents of Ashgrove for almost 30 years.

We would like to object to Dorrington being moved into the Ryan electorate because it isn't necessary and it divides our suburb.

It makes sense for us to be kept in the Brisbane electorate because we are close to the CBD and we are more a part of the inner city than places like Indooroopilly and The Gap and Ferny Grove.

2/2

I've checked the numbers in your report and I can see that Dorrington can be kept all together in Brisbane so you should not proceed with the proposal to split Dorrington up.

There's been too many changes of boundaries for Ashgrove at the state and council levels so we shouldn't be moved at the federal level too, it it's not necessary.

Kindest regards

Andy & Ursula Russell
