7/5/2018

E & B. Fradley,

Attention: Electoral Commission.

We the undersigned write to oppose the radical boundary shift from Boothby into the far Southern electorate of Kingston. The areas of Aberfoyle Park, Flagstaff Hill and Happy Valley share no identification or affiliation with the far removed Southern suburbs including Hackham West, Nourlunga, Morphett Vale and Christies Beach. For example in recent years our local newspaper The Messenger "Hills and Valley" was cancelled and we now receive The Messenger "Southern Times" which includes the above far Southern suburbs. It is obvious that we share no community or environment with these areas, why then should we amalgamate into their election boundary?

We strongly reject this notion and request that our names be added to others in opposition on this issue. Our hills community bears a separate identity in the electorate of Boothby and could only be compared to other hills communities such as Coromandel Valley and Blackwood. Furthermore many Boothby residents have resided here almost continuously since 1977.

Please keep Aberfoyle Park, Flagstaff Hill and Happy Valley in the Federal electorate of Boothby and Nicolle Flint as our local M.P.

Thankyou for your attention.  
Yours Sincerely  
Barbara Fradley

and

Edna Fradley
