**Subject:** Save Mayo Electorate

To the Redistribution Committee for South Australia,

I am a constituent of the Federal Division of Mayo.

I request that the Mayo Electorate be retained exactly as is, as it is an unique area in South Australia.

It would not be properly represented if it or any part of it was added to an Adelaide Metropolitan electorate or to a rural/country electorate.

I believe the current Mayo Electorate will have the fastest population growth rate of any area in South Australia and therefore deserves special consideration to be retained as it is .

Yours sincerely, Donald Manfield [Redacted]
