The report should be cited as *augmented Electoral Commission for Victoria, Redistribution of Victoria into electoral divisions*.

The augmented Electoral Commission for Victoria (the augmented Electoral Commission) has undertaken a redistribution of Victoria. In developing the redistribution, the augmented Electoral Commission has satisfied itself that the electoral divisions meet the requirements of the *Commonwealth Electoral Act 1918* (the Electoral Act). The augmented Electoral Commission commends its redistribution for Victoria.

This report is prepared to fulfil the requirements of section 74 of the Electoral Act.

# Executive summary

This report outlines the augmented Electoral Commission for Victoria's (the augmented Electoral Commission's) redistribution of Victoria into 38 electoral divisions.

The name and boundaries of the new Division of Fraser, named in honour of the former Prime Minister, the Rt Hon. John Malcolm Fraser AC CH (1930–2015), have been unanimously adopted.

Two modifications have been made to the Redistribution Committee for Victoria's (Redistribution Committee's) proposed redistribution with respect to the names of electoral divisions. The Division of Batman has been renamed 'Cooper' in recognition of William Cooper and the name of the Division of Corangamite has been retained. The augmented Electoral Commission unanimously agreed to rename:

- the Division of McMillan to the 'Division of Monash', in honour of Sir John Monash CB(M) KCB(M) GCMG (1865–1931),
- the Division of Melbourne Ports to the 'Division of Macnamara', in honour of Dame Annie Jean Macnamara DBE (1899–1968), and
- the Division of Murray to the 'Division of Nicholls', in honour of Sir Douglas Ralph Nicholls MBE(C) OBE(C) KCVO (1906–88) and Lady Gladys Nicholls (1906–81).

The names of the remaining 32 electoral divisions have been retained by the augmented Electoral Commission.

The augmented Electoral Commission has adopted all of the boundaries of electoral divisions proposed by the Redistribution Committee with the following modifications:

- the part of the locality of Kilsyth in Yarra Ranges Shire Council is now located in the Division of Casey
- the entirety of the locality of Vermont South is now located in the Division of Deakin
- the part of the locality of Surrey Hills to the east of Warrigal Road and south of Canterbury Road is now located in the Division of Chisholm
- the entirety of the localities of Bulla, Clarkefield and Wildwood, and part of the localities of Diggers Rest and Oaklands Junction, are now located in the Division of McEwen
- the localities of Barunah Park, Barunah Plains and Wingeel are now located in the Division of Corangamite
- the locality of Gowanbrae, and those parts of the localities of Keilor Park and Tullamarine south of the Western Ring Road, are now located in the Division of Maribyrnong
- the part of the locality of Springvale to the east of Springvale Road is now located in the Division of Bruce
- the part of the locality of Springvale South to the west of Springvale Road, and all of the locality of Clayton South, are now located in the Division of Hotham
- the entirety of Knox City Council is now located in the Division of Aston, including part of the locality of Upper Ferntree Gully and the entirety of the locality of Rowville
- those parts of the localities of Dandenong, Keysborough and Noble Park to the east of Eastlink and to the south of the Pakenham Railway line are now located in the Division of Isaacs
- the localities of Bunyip North, Garfield North, Maryknoll, Tonimbuk and Tynong North are now located in the Division of Monash
- the entirety of the locality of Williams Landing is now located in the Division of Gellibrand
- a small number of minor alterations, involving little or no elector movement, to adhere to features or administrative boundaries

# Background

A redistribution of electoral divisions is the process where electoral divisions and their names and boundaries are reviewed, and may be altered, to ensure, as near as practicable:

- each state and territory gains representation in the House of Representatives in proportion to their population, and
- there are a similar number of electors in each electoral division for a given state or territory.

The *Commonwealth Electoral Act 1918* (the Electoral Act) makes provision for the conduct of redistributions, including procedures, processes and timelines to be followed and how and when public consultation is to occur.

A redistribution of electoral divisions in Victoria was needed because the number of members of the House of Representatives to be chosen for Victoria at the next general election increased from 37 to 38.

The redistribution process began with a direction from the Electoral Commission on Monday 4 September 2017.

The Redistribution Committee released its proposed redistribution on Friday 6 April 2018. Interested individuals and organisations were invited to make written objections on the proposed redistribution and written comments on objections via notices published in:

- the *Commonwealth Government Notices Gazette* (the Gazette) on Friday 6 April 2018,
- the *Age*, *Herald Sun* and *Weekend Australian* on Saturday 7 April 2018,
- the *Weekly Times* and *Koori Mail* on Wednesday 18 April 2018, and
- 19 regional newspapers.

Four hundred and thirteen objections to the proposed redistribution were made available for public perusal on Monday 7 May 2018 and 100 written comments on objections were made available from Monday 21 May 2018. Two inquiries into objections were held.

- 36 submissions were made at the inquiry held in Winchelsea on Tuesday 5 June 2018, and
- 35 submissions were made at the inquiry held in Melbourne on Wednesday 6 June 2018.

The augmented Electoral Commission found the written submissions made throughout the redistribution process, together with the submissions presented by those participating in the inquiry, to be a valuable contribution and is appreciative of the time and effort expended by all those who contributed. The redistribution has been informed by a thorough consideration of these submissions and the augmented Electoral Commission has taken them into account in making its determination. However, the augmented Electoral Commission felt unable to implement some aspects of these submissions for the reasons set out in Chapter 2 and Appendix F of this report.

This redistribution complies with all relevant provisions of the Electoral Act.

## Legislative requirements

The Electoral Act requires Victoria to be divided into the same number of electoral divisions as the number of members of the House of Representatives to be chosen in Victoria at a general election. As Victoria is entitled to 38 members of the House of Representatives, the augmented Electoral Commission has redistributed Victoria into 38 electoral divisions.

In making its redistribution, the Electoral Act imposes two strict numerical requirements on the augmented Electoral Commission. These two numerical requirements provide an overall constraint to ensure that there are approximately equal numbers of electors in each electoral division so that each elector in Victoria has equality of representation in the House of Representatives.

All electoral divisions are required to be within the range of plus and minus 10 per cent of the current enrolment quota. At the end of Monday 4 September 2017, the day on which the redistribution commenced, 4,064,258 electors were enrolled in Victoria. The current enrolment quota was therefore 106,954 electors. As the Electoral Act requires electoral divisions to be within the range of plus and minus 10 per cent of this quota, the augmented Electoral Commission was required to construct electoral divisions which contain between 96,259 and 117,649 electors.

All electoral divisions are also required to be within the range of plus and minus 3.5 per cent of the projected enrolment quota at the projection time of Sunday 25 August 2019. As the number of electors projected to be enrolled in Victoria at this time is 4,194,146, and the projected enrolment quota is 110,372 electors, the augmented Electoral Commission was required to construct electoral divisions which are projected to contain between 106,509 and 114,235 electors on Sunday 25 August 2019.

In relation to each electoral division, the augmented Electoral Commission is also required by the Electoral Act to give due consideration to:

- i. community of interests within the electoral division, including economic, social and regional interests,
- ii. means of communication and travel within the electoral division,
- iv. the physical features and area of the electoral division, and
- v. the boundaries of existing electoral divisions in Victoria, with this factor being subordinate to the consideration of i, ii and iv.

The augmented Electoral Commission can balance the different criteria against each other only so far as they affect each of the 38 electoral divisions in Victoria, and try and achieve the best balance overall. Given the primacy of the two numerical requirements, it is impossible to satisfy all the statutory criteria to the same extent in each electoral division.

## Redistribution of Victoria

The redistribution covers:

- where to locate the new electoral division,
- the names of the 38 electoral divisions, and
- where to draw the boundaries between electoral divisions in Victoria to accommodate the new electoral division.

### **Creation of new electoral division**

The augmented Electoral Commission's consideration of where to locate a new electoral division was guided by the Electoral Act, namely, the numerical requirements and the obligations relating to community of interest, means of communication and travel, the physical features and area of the electoral division and the boundaries of existing electoral divisions.

The Redistribution Committee proposed creating a new electoral division in the western suburbs of Melbourne to be named 'Fraser' in honour of the former Prime Minister, the Rt Hon. John Malcolm Fraser AC CH (1930–2015). Mr Fraser was Prime Minister of Australia from 1975 to 1983. The proposed Division of Fraser includes the majority of the local government area of Brimbank City Council, and a part of Maribyrnong City Council.

Most objections to the proposed redistribution and comments on objections concerning the region broadly supported the Redistribution Committee's proposal.

The augmented Electoral Commission has unanimously adopted the Redistribution Committee's proposal to create the new Division of Fraser in the western suburbs of Melbourne.

## Names of electoral divisions

The Redistribution Committee proposed:

- naming the new electoral division 'Fraser'
- changing the names of:
  - the Division of Corangamite to 'Cox' in honour of May Cox (1883–1953), for her lasting legacy in teaching swimming and lifesaving to Victorians,
  - the Division of McMillan to 'Monash' in honour of Sir John Monash CB(M) KCB(M) GCMG (1865–1931) who was one of the foremost Allied military commanders of the First World War and was recognised for his outstanding contributions to the community,
  - the Division of Melbourne Ports to 'Macnamara' in honour of Dame Annie Jean Macnamara DBE (1899–68) for her contributions to medical science and improving the lives of patients suffering from paralysis,
  - the Division of Murray to 'Nicholls' in honour of Sir Douglas Ralph Nicholls MBE(C) OBE(C) KCVO (1906–1988) and Lady Gladys Nicholls (1906–81) for their significant contribution in advocating for Aboriginal rights and welfare, and
- retaining the names of 33 of the 37 existing electoral divisions in Victoria.

With respect to the names of electoral divisions, a significant proportion of submissions referred to the names of electoral divisions. Specifically:

- 207 of the 413 objections to the proposed redistribution (50.12 per cent),
- 56 of the 100 comments on objections (56.00 per cent), and
- 39 of the 71 submissions to the inquiries (54.93 per cent).

Some of these supported the Redistribution Committee's proposed names while others argued that electoral divisions should retain the name they had at the commencement of the redistribution or offered a different name for consideration by the augmented Electoral Commission.

After careful consideration of the arguments to rename the proposed Division of Batman and further information regarding John Batman's historical legacy, the augmented Electoral Commission unanimously concluded it would be appropriate to rename the Division of Batman to 'Cooper' in recognition of William Cooper. William Cooper was a spokesman for Aboriginal people who, as secretary of the Australian Aborigines League, presented a petition and led deputations to authorities calling for direct representation in parliament, enfranchisement, land rights and federal control of Aboriginal affairs. In 1938 Mr Cooper lodged a personal protest against the treatment of European Jews in Nazi Germany following Kristallnacht.

A large number of compelling arguments were made advocating the retention of an Aboriginal name for the proposed Division of Cox. The augmented Electoral Commission unanimously concluded it would be appropriate to retain the existing name of 'Corangamite' for the electoral division, which is both a Federation name and an Aboriginal name.

The augmented Electoral Commission unanimously agreed the arguments offered in support of altering the names of any of the other 36 proposed electoral divisions were not substantive enough to warrant further change from the Redistribution Committee's proposal. These 36 electoral divisions will be known by the names proposed by the Redistribution Committee.

The augmented Electoral Commission's electoral division names have been agreed for the reasons set out in Chapter 2 of this report.

## **Boundaries of electoral divisions**

In determining the boundaries of electoral divisions in a state or territory, the Electoral Act requires the augmented Electoral Commission to ensure the enrolment numbers for each electoral division remain within the two ranges of the permissible maximum and minimum number of electors in an electoral division.

Victoria's entitlement to members of the House of Representatives has increased from 37 to 38 electoral divisions. As a consequence of inserting an electoral division, the current enrolment quota and projected enrolment quota were reduced, as were the ranges for the permissible maximum and minimum number of electors around these quotas. More electoral divisions fell outside these ranges than may otherwise have been the case. The augmented Electoral Commission was required, as was the Redistribution Committee, to alter the electoral division boundaries of 27 of Victoria's 37 electoral divisions so that all requirements of the Electoral Act could be met.

The augmented Electoral Commission noted that the Redistribution Committee's proposal met the requirements of the Electoral Act and proposed electoral divisions which:

- were more equitably balanced numerically across the state,
- could accommodate the differing projected rates of growth across Victoria,
- kept together or improved existing communities of interest, in some cases represented by local government areas and localities, where possible,
- used strong and readily identifiable features, such as major roads, rivers or established administrative boundaries to define electoral division boundaries, and
- were consistent with elements of the 25 suggestions and 43 comments on suggestions which identified electoral boundary changes to meet the numerical requirements of the Electoral Act.

Constructing a new electoral division will, of necessity, result in significant elector movement into the new electoral division and will also require consequential boundary changes and elector movements across the state to ensure that all electoral divisions remain within the two permissible ranges for the number of electors. The augmented Electoral Commission noted that the Redistribution Committee's proposal met the requirements of the Electoral Act and provided electoral divisions that accommodated future growth while recognising and maintaining communities of interest and using strong boundaries where possible.

The augmented Electoral Commission carefully considered the Redistribution Committee's proposed redistribution, the objections to the proposed redistribution, comments on objections and further information provided in submissions at the inquiries in Winchelsea and Melbourne. The augmented Electoral Commission unanimously agreed with much of what was proposed by the Redistribution Committee but was of the opinion that improvements could be made.

As a number of the changes advocated in objections to the proposed redistribution, comments on objections and submissions to the inquiries were able to be accommodated within the permissible ranges for the number of electors within an electoral division, or with minimal boundary adjustments to the surrounding electoral divisions, the augmented Electoral Commission unanimously agreed to make these changes. As a result, 23 electoral divisions of the augmented Electoral Commission's redistribution differ from those proposed by the Redistribution Committee. These minor changes have been made to better reflect communities of interest and/or improve electoral division boundaries.

While acknowledging the merits of a number of other ideas advocated in objections, comments on objections and submissions to the inquiries, they were unable to be accepted because the resultant adjustments to the boundaries led to electoral divisions which fell outside the permissible ranges. Any alternative adjustments would, in the augmented Electoral Commission's opinion, have caused significant flow-on effects for other electoral divisions across Victoria under the requirements of the Electoral Act.

## Elector movements

Overall, 769,523 electors enrolled in Victoria (or 18.93 per cent of all electors enrolled in Victoria on Monday 4 September 2017) will change their federal electoral division as a result of this redistribution.

The renaming of an electoral division will affect 435,141 electors enrolled in Victoria (or 10.71 per cent of all electors enrolled in Victoria on Monday 4 September 2017) as a result of this redistribution.

## Implementation of this redistribution

Changes to electoral divisions as a result of this redistribution will apply from the day on which a notice of determination is published in the Gazette. This notice was published on Friday 13 July 2018.

Electoral events will not be contested on these new federal electoral divisions until a writ is issued for a general election following the expiry or dissolution of the House of Representatives.

# Chapter 1: Background and context

This chapter outlines the legislative requirements of the redistribution from the release of the Redistribution Committee’s proposed redistribution to the determination of the names and boundaries of electoral divisions by the augmented Electoral Commission.

1. A redistribution of electoral divisions is the process where electoral divisions and their names and boundaries are reviewed and may be altered, to ensure, as near as practicable:
  - each state and territory gains representation in the House of Representatives in proportion to their population, and
  - there are a similar number of electors in each electoral division for a given state or territory.

## Compliance with legislative requirements

2. The *Commonwealth Electoral Act 1918* (the Electoral Act) specifies that a redistribution process should be undertaken when:
  - the number of members of the House of Representatives to which a state or territory is entitled has changed (relative population change)
  - the number of electors in more than one-third of the electoral divisions in a state (or one of the electoral divisions in the Australian Capital Territory or the Northern Territory) deviates from the average divisional enrolment by over ten per cent for a period of more than two months, or
  - a period of seven years has elapsed since the last redistribution process was determined.<sup>1</sup>
3. The procedures to be followed in conducting a redistribution process are also specified in the Electoral Act. Appendix A summarises the legislative requirements which have been followed in conducting this redistribution. Each of these requirements is discussed in further detail in this chapter.

## Background to this redistribution

4. The steps followed from the commencement of the redistribution of Victoria to the release of the Redistribution Committee for Victoria’s (Redistribution Committee) proposed redistribution are outlined in Chapter 1 of the Redistribution Committee’s report: *Proposed redistribution of Victoria into electoral divisions*.<sup>2</sup>

1 Sub-section 59(2) of the Electoral Act specifies when a redistribution process should be undertaken.

2 Redistribution Committee for Victoria, *Proposed redistribution of Victoria into electoral divisions*, April 2018, pages 8–15

## Requirement to conduct a redistribution of electoral divisions in Victoria and commencement

5. On Thursday 31 August 2017, the Electoral Commissioner made a determination under sub-section 48(1) of the Electoral Act of the number of members of the House of Representatives each state and territory would be entitled to at the next general election.<sup>3</sup>
6. As a result of this determination, Victoria's entitlement increased from 37 to 38 members of the House of Representatives.
7. In accordance with sub-section 59(1) of the Electoral Act, the Electoral Commission published a notice in the *Commonwealth Government Notices Gazette* (the Gazette) on Monday 4 September 2017 directing that a redistribution of Victoria into 38 electoral divisions commence.

## Current enrolment quota

8. Section 65 of the Electoral Act requires the Electoral Commissioner, as soon as practicable after the redistribution process commences, to determine the current enrolment quota or average divisional enrolment using the following formula:

$$\frac{\text{Number of electors enrolled in Victoria as at the end of the day on which the redistribution commenced (Monday 4 September 2017)}}{\text{Number of members of the House of Representatives to which Victoria is entitled}}$$

9. In calculating this quota, sub-section 65(2) of the Electoral Act provides that:
  - where the result includes a fraction that is less than 0.5, the number is rounded down to the nearest whole number, or
  - where the result includes a fraction that is equal to or greater than 0.5, the number is rounded up to the nearest whole number.
10. Table A shows the figures used to calculate the current enrolment quota and the resultant range of the permissible maximum and minimum number of electors in an electoral division (discussed further in the section titled 'Statutory requirements for the making of a redistribution').

**Table A: Current enrolment quota and permissible range for Victoria**

Number of electors enrolled in Victoria as at the end of the day on which the redistribution commenced (Monday 4 September 2017)	4,064,258
Number of members of the House of Representatives to which Victoria is entitled	38
Current enrolment quota for Victoria	106,954
Permissible maximum number of electors in an electoral division (current enrolment quota + 10 per cent)	117,649
Permissible minimum number of electors in an electoral division (current enrolment quota – 10 per cent)	96,259

<sup>3</sup> A copy of this determination is available on the Australian Electoral Commission (AEC) website.

11. As part of the redistribution process, the augmented Electoral Commission for Victoria (the augmented Electoral Commission) is required to ensure that the number of electors in an electoral division is within the range of plus 10 per cent and minus 10 per cent of the current enrolment quota (see Appendix B).
12. The number of electors at the commencement date of Monday 4 September 2017 at both the electoral division and Statistical Area Level 1 (SA1) level were published on the AEC website when the invitation for interested parties to submit suggestions and comments on suggestions was made.<sup>4</sup>

### Enrolment projections and projected enrolment quota

13. When determining a redistribution, the augmented Electoral Commission is required by paragraph 73(4)(a) of the Electoral Act to ensure, as far as practicable, that the number of electors enrolled in the electoral division at the projection time will be within the range of plus 3.5 per cent and minus 3.5 per cent of the projected enrolment quota (see Appendix B). This quota is calculated using the following formula:

$$\frac{\text{Estimated total number of electors enrolled in Victoria at the projection time (Sunday 25 August 2019)}}{\text{Number of members of the House of Representatives to which Victoria is entitled}}$$

14. For the purposes of this redistribution, projected enrolment has been calculated by the Australian Bureau of Statistics (ABS). These projections were subsequently reviewed by AEC officers.
15. Projected enrolment at the projection time of Sunday 25 August 2019, together with the processes used by the ABS to calculate these projections, were published on the AEC website when the invitation for interested parties to submit suggestions and comments on suggestions was made. The projections were made available at both the electoral division and SA1 level.
16. Table B shows the figures used to calculate the projected enrolment quota and the resultant range of the permissible maximum and minimum number of electors in an electoral division at the projection time (discussed further in the section titled 'Statutory requirements for the making of a redistribution').

**Table B: Projected enrolment quota and permissible range for Victoria**

Estimated total number of electors enrolled in Victoria at the projection time (Sunday 25 August 2019)	4,194,146
Number of members of the House of Representatives to which Victoria is entitled	38
Projected enrolment quota for Victoria	110,372
Permissible maximum number of electors in an electoral division at the projection time (projected enrolment quota + 3.5 per cent)	114,235
Permissible minimum number of electors in an electoral division at the projection time (projected enrolment quota – 3.5 per cent)	106,509

<sup>4</sup> See Appendix H for a discussion of how the AEC uses SA1s. SA1s are the smallest unit at which the ABS makes available disaggregated Census data. At the time of the 2011 Census, there were 54,805 SA1s with populations in the range of 200–800. SA1s, which are part of the Australian Statistical Geography Standard, are defined by the ABS and remain stable between censuses. The SA1s used for this redistribution were defined for the 2011 Census.

## Release of proposed redistribution of Victoria

17. Sub-section 66(1) of the Electoral Act requires the Redistribution Committee to make a proposed redistribution, with section 67 requiring that written reasons for the proposed redistribution be provided.
18. In its report *Proposed redistribution of Victoria into electoral divisions*, the Redistribution Committee outlined its proposed redistribution of Victoria and in Chapter 2 and Appendix F explained the reasons behind its proposal.<sup>5</sup> On Friday 6 April 2018, this report was made available on the AEC website and in each AEC office located in Victoria.
19. In addition, and as required by sub-section 68(1) of the Electoral Act, the following information was also made available at each AEC office in Victoria from Friday 6 April 2018:
  - maps showing the names and boundaries of each proposed electoral division in Victoria, and
  - copies of the 67 suggestions made to the redistribution and 58 comments on suggestions which were received.

## Invitation for interested individuals and organisations to submit objections and comments on objections

20. The Redistribution Committee is required by sub-sections 68(1) and 68(2) of the Electoral Act to draw attention to the redistribution material able to be viewed at AEC offices in Victoria and to invite written objections relating to the proposed redistribution of Victoria and written comments on objections via:
  - a notice published in the Gazette on a Friday,
  - a notice published in two newspapers circulating throughout Victoria, and
  - notices published in such regional newspapers circulating in regions affected by the proposed redistribution as determined by the Redistribution Committee.
21. The notice was published in the Gazette on Friday 6 April 2018. Newspaper notices were published in:
  - the *Age*, *Herald Sun* and *Weekend Australian* on Saturday 7 April 2018,
  - the *Weekly Times* and *Koori Mail* on Wednesday 18 April 2018,<sup>6 7</sup> and
  - 19 regional newspapers (see Appendix C for details of where and when notices were published).
22. In accordance with section 68 of the Electoral Act, these notices included a brief outline of the proposed redistribution, where to view the proposed redistribution, how to participate in the process and where to find further information.<sup>8</sup> As required by paragraph 68(1)(d) of the Electoral Act:
  - the notices published in the *Age*, *Herald Sun*, *Koori Mail* and *Weekly Times* included maps showing the names and boundaries of each proposed electoral division in Victoria, and

<sup>5</sup> Redistribution Committee for Victoria, op. cit., page 26–77 and 97–130

<sup>6</sup> The *Weekly Times* is a rurally oriented newspaper published in Victoria on a weekly basis.

<sup>7</sup> The *Koori Mail* is the national Indigenous newspaper and is published fortnightly.

<sup>8</sup> A disc included in *Proposed redistribution of Victoria into electoral divisions* provided the material which sub-section 68(1) of the Electoral Act specifies is to be made available at each office of the AEC in the state/territory undergoing redistribution.

- the notices published in the regional newspapers listed in Appendix C included maps showing the names of boundaries of proposed electoral divisions in areas covered by the newspaper's circulation.<sup>9</sup>
23. Table C presents information on the options for making an objection or comment on an objection, and the extent to which these options were used.

**Table C: Options to make an objection or comment on an objection**

24. Interested individuals and organisations were able to submit written objections from Friday 6 April 2018 until 6pm AEST on Friday 4 May 2018, the 4th Friday after the publication of the Gazette notice.<sup>10</sup> During this time, 413 objections to the proposed redistribution were received by the Electoral Commission (see Appendix D).
25. As required by sub-section 69(2) of the Electoral Act, copies of these objections were made available to members of the public for perusal at the office of the Australian Electoral Officer for Victoria in Melbourne from Monday 7 May 2018, the 5th Monday after the publication of the Gazette notice. The objections were also made available on the AEC website on this date.
26. Interested individuals and organisations were able to submit written comments on objections received from Monday 7 May 2018 until 6pm AEST on Friday 18 May 2018, the 6th Friday after the publication of the Gazette notice.<sup>11</sup> During this time, 100 comments on objections were received by the Electoral Commission (see Appendix E).
27. As required by sub-section 69(4) of the Electoral Act, copies of these comments on objections were made available to members of the public for perusal at the office of the Australian Officer for Victoria in Melbourne from Monday 21 May 2018, the 7th Monday after the publication of the Gazette notice. The comments on objections were also made available on the AEC website on this date.

## Augmented Electoral Commission for Victoria

28. Sub-section 70(1) of the Electoral Act specifies that, for the purposes of a redistribution of Victoria, an augmented Electoral Commission for Victoria is established. The membership of the augmented Electoral Commission is specified by sub-section 70(2).
29. The membership of the augmented Electoral Commission for Victoria is outlined in Table D.

<sup>9</sup> This requirement is specified by sub-paragraph 68(1)(d)(iv) of the Electoral Act.

<sup>10</sup> This requirement is specified by paragraph 68(2)(a) of the Electoral Act.

<sup>11</sup> This requirement is specified by paragraph 68(2)(b) of the Electoral Act.

**Table D: Membership of the augmented Electoral Commission for Victoria**

Position on the augmented Electoral Commission	Name	Basis for membership
Chair	The Hon. Dennis Cowdroy OAM QC	Chairperson of the Electoral Commission
Member	Mr David Kalisch	non-judicial member of the Electoral Commission
Member	Mr Tom Rogers	Electoral Commissioner
Member	Mr Steve Kennedy	Australian Electoral Officer for Victoria
Member	Mr Craig Sandy	Surveyor-General of Victoria
Member	Mr Andrew Greaves	Auditor-General for Victoria

Note: 1) Shading indicates the members of the Redistribution Committee (chaired by Mr Rogers).

2) As Mr Cowdroy was unable to attend the meetings, in accordance with paragraph 71(3)(a) of the Electoral Act Mr Rogers presided.

30. The augmented Electoral Commission is responsible for:
- considering all objections to the Redistribution Committee's proposed redistribution and all comments on objections which were received by the specified lodgement times,
  - developing a proposed redistribution of Victoria in accordance with the requirements of the Electoral Act,
  - conducting an inquiry into objections, should one be required,
  - determining the names and boundaries of electoral divisions in Victoria, and
  - making the reasons for the augmented Electoral Commission's determination available for public perusal.
31. The augmented Electoral Commission met on:
- Friday 1 June 2018
  - Tuesday 5 June 2018
  - Wednesday 6 June 2018
  - Friday 8 June 2018

## Consideration of objections and comments on objections by the augmented Electoral Commission

32. The augmented Electoral Commission is required by sub-section 72(1) of the Electoral Act to consider all objections to the proposed redistribution and comments on objections which were received by the required specified lodgement times.
33. In formulating its redistribution of Victoria, the augmented Electoral Commission considered each of the 413 objections to the proposed redistribution and 100 comments on objections received from those who reside:
- in Victoria and are directly affected by the implementation of the redistribution, and
  - in other Australian states and territories and have an interest in the operation of Australia's democratic processes.
34. The augmented Electoral Commission found the written submissions made throughout the redistribution valuable and appreciates the time and effort expended by all those who contributed.

35. Chapter 2 and Appendix F outline the key themes contained in these objections and comments on objections, and how the augmented Electoral Commission responded to them, having regard to the requirements of the Electoral Act.

## Inquiry by the augmented Electoral Commission into objections

36. Sub-section 72(3) of the Electoral Act requires the augmented Electoral Commission to hold an inquiry into an objection unless it is of the opinion:
- the matters raised in the objection were raised, or are substantially the same as matters that were raised, in:
    - suggestions relating to the redistribution lodged with the Redistribution Committee; or
    - comments lodged with the Redistribution Committee; or
  - the objection is frivolous or vexatious.
37. Analysis of the 413 objections to the proposed redistribution indicated the matters to be inquired into as the:
- boundary between the proposed Divisions of Dunkley and Flinders
  - boundary of the proposed Division of Cox
  - electoral division(s) in which Colac Otway Shire is located
  - electoral division(s) in which Craigieburn is located
  - electoral division(s) in which Flemington, Kensington and Travancore are located
  - electoral division(s) in which Golden Plains Shire is located
  - electoral division(s) in which Maryborough and the Central Goldfields Shire are located
  - name of the proposed Division of Batman
  - name of the proposed Division of Cox
  - name of the proposed Division of Macnamara
  - name of the proposed Division of Monash
38. The manner in which inquiries into objections is to be conducted by the augmented Electoral Commission is specified in sub-sections 72(4) to 72(9) of the Electoral Act.
39. The augmented Electoral Commission held two inquiries in:
- Winchelsea on Tuesday 5 June 2018, and
  - Melbourne on Wednesday 6 June 2018.
40. Invitations to attend the inquiry were sent to those who made objections to the proposed redistribution or commented on objections. Notices of invitation were placed in the:
- *Herald Sun*, *Geelong Advertiser*, *Age* and *The Weekend Australian* on Saturday 26 May 2018,
  - *Courier* on Tuesday 29 May 2018, and
  - *Colac Herald* on Wednesday 30 May 2018.
41. Appendix G lists those who made submissions to the inquiries and a transcript is included with this report. The augmented Electoral Commission found the submissions presented by those participating at the inquiry valuable and appreciates the time and effort expended by all those who contributed.
42. The augmented Electoral Commission's response to the matters raised at the inquiries is summarised in Chapter 2 and Appendix F.

## Conclusion of consideration of objections by the augmented Electoral Commission

43. Sub-section 72(2) of the Electoral Act requires the augmented Electoral Commission to conclude its consideration of the objections before the expiration of 60 days after the close of comments on objections. As comments on objections closed on Friday 18 May 2018, the augmented Electoral Commission was required to conclude its consideration by Tuesday 17 July 2018.
44. Consideration of objections by the augmented Electoral Commission was concluded on Monday 18 June 2018.

## Statutory requirements for the making of a redistribution

45. Section 73 of the Electoral Act requires the augmented Electoral Commission to adhere to specific criteria in determining boundaries of electoral divisions.
46. The augmented Electoral Commission endeavoured to ensure that the number of electors in each Victorian electoral division would:
  - meet the requirement of sub-section 73(4) of the Electoral Act for the number of electors in an electoral division to not be less than 90 per cent or more than 110 per cent of the current enrolment quota of 106,954 electors (Table A indicates the number of electors enrolled in each electoral division in Victoria must therefore be between 96,259 and 117,649), and
  - meet the requirement of paragraph 73(4)(a) of the Electoral Act for the number of electors projected to be in an electoral division to not be less than 96.5 per cent or more than 103.5 per cent of the projected enrolment quota of 110,372 electors at the projection time of Sunday 25 August 2019 (Table B indicates the number of electors projected to be enrolled in each electoral division in Victoria at the projection time of Sunday 25 August 2019 must be between 106,509 and 114,235).
47. The augmented Electoral Commission also gave due consideration to the requirements of paragraph 73(4)(b) of the Electoral Act:
  - i. community of interests in the electoral divisions including economic, social and regional interests,
  - ii. means of communication and travel in the electoral division,
  - iv. the physical features and area of the electoral divisions, and
  - v. the boundaries of existing electoral divisions, with this factor being subordinate to consideration of factors i, ii and iv.
48. Further details regarding these requirements are in Appendix B.
49. Appendix H outlines the mechanics of constructing proposed electoral divisions.

## Public announcement by the augmented Electoral Commission

50. Once its inquiries into objections are completed, sub-section 72(10) of the Electoral Act requires the augmented Electoral Commission to:
  - make a proposed redistribution of the state or territory, and
  - make a public announcement.
51. While the augmented Electoral Commission is able to choose the means by which this public announcement is issued,<sup>12</sup> sub-section 72(12) of the Electoral Act requires the following content:
  - the substance of the augmented Electoral Commission's findings or conclusions on the initial objections to the Redistribution Committee's proposed redistribution,
  - the augmented Electoral Commission's proposed redistribution of the state/territory, and
  - a statement whether, in the opinion of the augmented Electoral Commission, its proposed redistribution is significantly different from the Redistribution Committee's proposed redistribution.<sup>13</sup>
52. The augmented Electoral Commission did not consider their proposed redistribution to be significantly different to that of the Redistribution Committee. The text of the augmented Electoral Commission's public announcement, which was made on Wednesday 20 June 2018, is at Appendix I.

## Determination made by the augmented Electoral Commission for Victoria

53. In accordance with sub-section 73(1) of the Electoral Act, the names and boundaries of electoral divisions for a state or territory are determined when the augmented Electoral Commission publishes a notice in the Gazette.
54. The text of the notice published in the Gazette on Friday 13 July 2018 is at Appendix J.

12 Paragraph 72(10)(b) of the Electoral Act states the announcement may be made by a statement to the media or by other expeditious means.

13 In the event the augmented Electoral Commission considers their proposed redistribution to be significantly different to that of the Redistribution Committee, paragraph 72(12)(d) of the Electoral Act specifies the inclusion of additional information in the public announcement.

# Chapter 2: The augmented Electoral Commission's redistribution and reasons for the redistribution

This chapter outlines the augmented Electoral Commission's redistribution and the reasons for this redistribution. Also included is the augmented Electoral Commission's approach to formulating the names and boundaries of electoral divisions.

## Augmented Electoral Commission's redistribution of Victoria

55. The augmented Electoral Commission was required to redistribute Victoria into 38 electoral divisions.
56. The augmented Electoral Commission decided to adopt the proposal of the Redistribution Committee, as outlined in *Proposed redistribution of Victoria into electoral divisions*, with some modifications.
57. There are three components to the augmented Electoral Commission's redistribution:
  - creating a new electoral division,
  - the names of the 38 electoral divisions, and
  - where to draw the boundaries between electoral divisions in Victoria to accommodate the new electoral division.

### **New electoral division**

58. The new electoral division is located in Melbourne's west and is named 'Fraser' in recognition of the Rt Hon. John Malcolm Fraser AC CH (1930–2015), Prime Minister of Australia from 1975 to 1983, as proposed by the Redistribution Committee.

### **Names of electoral divisions**

59. The augmented Electoral Commission has made some modifications to the Redistribution Committee's proposed names.
60. The augmented Electoral Commission has:
  - renamed the Division of Batman to 'Cooper', in recognition of William Cooper,
  - retained the name of the Division of Corangamite rather than rename it 'Cox', as had been proposed by the Redistribution Committee,

- adopted the Redistribution Committee's proposal to rename the Division of McMillan to 'Monash', the Division of Melbourne Ports to 'Macnamara' and the Division of Murray to 'Nicholls', and
  - adopted the Redistribution Committee's proposal to retain the names of the remaining 32 electoral divisions.
61. This is consistent with the 'Guidelines for naming federal electoral divisions' and the sentiments expressed in many objections to the proposed redistribution, comments on objections and submissions to the inquiries.
62. The augmented Electoral Commission notes that, as a result of these name changes:
- 11 of Victoria's 38 electoral divisions (28.95 per cent) are named for an Aboriginal person or word,
  - the number of Victoria's electoral divisions named after women has increased by one to five, as well as one electoral division being jointly named for a wife and husband, and
  - more than 25 per cent of Victoria's electoral divisions names have been in use since the first federal election in 1901.
63. Appendix K presents some summary information about Victoria's electoral division names and how this compares to electoral division names in place at the start of this redistribution.

### **Boundaries of electoral divisions**

64. With respect to the boundaries of electoral divisions in Victoria, the augmented Electoral Commission was required to:
- create a new electoral division which meets the requirements of the Electoral Act, and
  - alter the boundaries of 27 of Victoria's 37 electoral divisions which did not meet the numerical requirements of the Electoral Act.
65. The augmented Electoral Commission has adopted the boundaries proposed by the Redistribution Committee with some modifications.
66. Table E indicates where the augmented Electoral Commission has modified electoral division boundaries proposed by the Redistribution Committee and where the augmented Electoral Commission has adopted the Redistribution Committee's electoral divisions without change. As a result, the boundaries of all electoral divisions in Victoria at the start of this redistribution have been changed.
67. The augmented Electoral Commission's modifications are listed in Appendix I and are discussed below.

**Table E: Electoral divisions where boundaries have been modified by the Redistribution Committee or modified by the augmented Electoral Commission**

Boundaries which have been modified by the augmented Electoral Commission		Boundaries as proposed by the Redistribution Committee	
Aston	Indi	Ballarat	Nicholls
Bruce	Isaacs	Bendigo	Scullin
Calwell	Kooyong	Cooper	Wills
Casey	Lalor	Dunkley	
Chisholm	La Trobe	Flinders	
Corangamite	Mallee	Fraser	
Corio	Maribyrnong	Gippsland	
Deakin	McEwen	Goldstein	
Gellibrand	Melbourne	Higgins	
Gorton	Monash	Jagajaga	
Holt	Wannon	Macnamara	
Hotham		Menzies	

## New electoral division

68. The Redistribution Committee proposed creating the new electoral division in Melbourne’s west, specifically around the local government area of Brimbank City Council, to be named the Division of Fraser.<sup>14</sup>
69. Very few objections to the proposed redistribution, comments on objections and submissions made to the inquiries referred to the placement of the new electoral division, and those that did broadly supported the proposal.
70. One objection advocated the placement of the new electoral division around the Sunbury area rather than the Brimbank area.<sup>15</sup> A number of objections advocated minor amendments to the boundary of the new electoral division.<sup>16</sup>
71. The augmented Electoral Commission noted these objections, however did not consider the advocated changes were a significant improvement on the proposed boundaries. The augmented Electoral Commission concluded the Redistribution Committee’s proposal was sound and should be adopted without change.
72. The new Division of Fraser will be located in Melbourne’s west.

<sup>14</sup> Redistribution Committee for Victoria, op. cit., page 30

<sup>15</sup> OB298 – Colin McLaren referred to this matter.

<sup>16</sup> This was referred to by OB118 – Dr Mark Mulcair, OB412 – Australian Labor Party (Victorian Branch), COB53 – Australian Greens Victoria, COB82 – Adam Bandt MP, COB84 – Australian Labor Party (Victorian Branch), IM12 – Adam Bandt MP and IM33 – Shane Easson – Australian Labor Party.

# Augmented Electoral Commission's approach to naming electoral divisions

73. The naming of federal electoral divisions has been the subject of a number of recommendations from parliamentary committees. The 'Guidelines for naming federal electoral divisions' (the guidelines) were developed by the AEC from recommendations made by the Joint Standing Committee on Electoral Matters in 1995 in *Electoral Redistributions: Report on the Effectiveness and Appropriateness of the Redistribution Provisions of Parts III and IV of the Commonwealth Electoral Act 1918*. The guidelines were offered to interested persons when this redistribution was advertised, and are publicly available on the AEC website (see Appendix L).

## Name of the new electoral division

74. The Redistribution Committee observed the guidelines which suggest:
- locality or place names should generally be avoided,
  - in the main, electoral divisions should be named after deceased Australians who have rendered outstanding service to their country, and
  - when new electoral divisions are created the names of former Prime Ministers should be considered.
75. As Victoria is gaining a new electoral division, the Redistribution Committee considered it was appropriate for it to be named 'Fraser' in recognition of the Rt Hon. John Malcolm Fraser AC CH (1930–2015).<sup>17</sup> Mr Fraser was the Member for Wannon from 1955 to 1983 and was Prime Minister of Australia from 1975 to 1983.<sup>18</sup>
76. Some objections to the proposed redistribution, comments on objections and submissions made to the inquiry supported the name 'Fraser' for the new electoral division.<sup>19</sup> Others advocated an alternative name, with these alternatives displayed in Table F.
77. Several of those advocating for an alternative name for the new electoral division argued it was inappropriate to name an electoral division in the generally Labor-voting western suburbs of Melbourne for a Liberal Prime Minister who represented the regional Division of Wannon.<sup>20</sup> Some suggested 'Fraser' would be a more appropriate name for a regional electoral division, such as the proposed Divisions of Corangamite, Monash or Wannon.<sup>21</sup>

17 The name 'Fraser' was previously used for a federal electoral division in the Australian Capital Territory, being named in honour of James Fraser, the second member of the House of Representatives for the Australian Capital Territory. The redistribution determined on Thursday 28 January 2016 retired the name 'Fraser' so that it could be used in the future as the name of a Victorian federal electoral division in honour of the former Prime Minister, the Rt Hon. John Malcolm Fraser AC CH.

18 Redistribution Committee for Victoria, op. cit., page 31–32

19 The name 'Fraser' for the new electoral division was supported by: OB68 – Martin Gordon, OB117 – ALP Warrnambool Branch, OB123 – Malcolm Mackerras AO, OB179 – Cr Geoff Ellis and COB6 – Darren McSweeney.

20 Objections which referred to this matter include: OB27 – Sandra and Robert Francis, OB31 – Dr Nick Economou, OB71 – Nicholas Simic and OB96 – Gavin Mahoney.

21 Objections which referred to this matter include: OB31 – Dr Nick Economou, OB70 – Henryk Kay, OB92 – Jeff Waddell, OB96 – Gavin Mahoney and OB286 – Michael Ritchie.

**Table F: Names advocated in objections and comments on objections as alternatives to ‘Fraser’**

Alternative names advocated in objections or comments on objections
<b>Bolte</b> – in honour of Sir Henry Bolte (1908–90), the 38th and longest-serving Premier of Victoria
<b>Burke</b> – in honour of Robert O’Hara Burke (1821–61), explorer
<b>Child</b> – in honour of Gloria Joan Liles Child AO (1921–2013), the first woman to be Speaker of the Australian House of Representatives from 1986 to 1989
<b>Cooper</b> – in honour of William Cooper (1861–1941), Aboriginal political activist and community leader
<b>Gillard</b> – in honour of the Hon. Julia Eileen Gillard AC (1961–), Prime Minister of Australia from 2010 to 2013
<b>Harvester</b> – in recognition of the ‘Harvester Decision’ (1907) that became the basis of the national minimum wage system in Australia and was named for the Sunshine Harvester Works which were located in the area
<b>Kirner</b> – in honour of the Hon Joan Elizabeth Kirner AM AC (1938–2015), Premier of Victoria from 1990 to 1992 and the first woman to hold the position
<b>Melba</b> – in honour of Dame Nellie Melba DBE(C) DGBE(C) (1861–1931), an Australian operatic soprano
<b>Mitchell</b> – in honour of Heather Mitchell (1917–99), farmer and community leader and the first woman President of the Victorian Farmers Federation
<b>Monash</b> – in honour of Sir John Monash CB(M) KCB(M) GCMG (1865–1931), Australian military commander of the First World War and civil engineer
<b>Nicholls</b> – in honour of Sir Douglas Ralph Nicholls MBE(C) OBE(C) KCVO (1906–88) and Lady Gladys Nicholls (1906–81), for their significant contribution in advocating for Aboriginal rights and welfare
<b>O’Malley</b> – in honour of King O’Malley (1858–1953), Member for Tasmania from 1901 to 1903 and Member for Darwin from 1903 to 1917

78. In noting the views expressed by those arguing for an alternative name for the new electoral division, the augmented Electoral Commission observed:
  - while electoral divisions named to recognise former Prime Ministers have been located in the same state as the electoral division the former Prime Minister represented,<sup>22</sup> the augmented Electoral Commission does not consider the possible political complexion of an electoral division in determining a name, and
  - naming the new electoral division ‘Fraser’ would be consistent with the guidelines.
79. The augmented Electoral Commission concluded the Redistribution Committee’s proposal was sound and should stand unchanged.
80. The new electoral division will be named ‘Fraser’ to recognise the Rt Hon. John Malcolm Fraser.

### **Renaming of proposed electoral divisions in Victoria**

81. The guidelines note that the names of electoral divisions should not be changed or transferred to new areas without very strong reasons. Any decision to alter the name of an electoral division is therefore one which is not taken lightly.
82. The augmented Electoral Commission received a number of objections, comments on objections and submissions to the inquiries proposing that electoral divisions be renamed.

22 The exception is the Division of Hughes which is located in New South Wales and named for William Morris Hughes (1862–1952). Between 1901 and 1952 Hughes was variously the member for West Sydney (New South Wales), Bendigo (Victoria), North Sydney (New South Wales) and Bradfield (New South Wales), with his period as Prime Minister being concurrent with all or part of his time as member for West Sydney, Bendigo and North Sydney.

83. Where an alternative to the Redistribution Committee's proposal was advocated, the augmented Electoral Commission considered whether modifications should be made to address the alternative. The following paragraphs, together with Appendix F, outline the augmented Electoral Commission's decisions with respect to the alternatives offered.

### Renaming the proposed Division of Batman

84. The Redistribution Committee received suggestions to the redistribution and comments on suggestions which argued that John Batman was not a worthy individual after whom to name an electoral division, based on an evaluation of his legacy and his historical dealings with Aboriginal communities. However, on the information provided at the suggestions and comments on suggestions stages, the Redistribution Committee did not consider that strong enough reasons to alter the name of the electoral division were provided and proposed retaining the name 'Batman'.<sup>23</sup>
85. A small number of objections to the proposed redistribution argued the name 'Batman' should be retained in line with the Redistribution Committee's proposal.<sup>24</sup>
86. A greater number of objections to the proposed redistribution and submissions to the inquiries opposed retaining the name 'Batman' with many questioning whether his historical legacy rendered him unworthy of having an electoral division named in his honour and providing further information to support their claims. Many objections and comments on objections argued that it would be more appropriate for the electoral division to be named to recognise an Aboriginal leader and some suggested alternative names.<sup>25</sup> The alternative names offered are displayed in Table G.

**Table G: Names advocated in objections, comments on objections and submissions to the inquiries as alternatives to 'Batman'**

Alternative names advocated in objections, comments on objections and submissions to the inquiries
<b>Barak</b> – in honour of William Barak (1824–1903), Aboriginal elder, activist and artist
<b>Bunjileene-Purrine</b> – in honour of Bunjileene and Purrine, Aboriginal leaders of communities in the Gippsland region
<b>Cooper</b> – in honour of William Cooper (1861–1941), Aboriginal political activist and community leader
<b>Gumbri</b> – in honour of Jessie Hunter (Gumbri), Aboriginal elder. Gumbri translates to 'white dove' in the traditional language of the Wurundjeri people
<b>Kirner</b> – in honour of the Hon Joan Elizabeth Kirner AM AC (1938–2015), Premier of Victoria from 1990 to 1992 and the first woman to hold the position
<b>Treaty</b> – an agreement or arrangement made by negotiation; a contract in writing between two or more political authorities
<b>Wonga</b> – in honour of Simon Wonga (1821–74), in recognition of his leadership of the Victorian Aboriginal community in the 19th century

87. The augmented Electoral Commission considered the arguments advanced by those who argued for and against the name 'Batman'. Based on the additional information provided, the augmented Electoral Commission concluded it would be appropriate to rename the electoral division to recognise an Aboriginal leader who had made a significant contribution to Aboriginal and human rights.

23 Redistribution Committee for Victoria, op. cit., page 39

24 Retaining the name 'Batman' was advocated by: OB112 – Alex Weatherhead, OB119 – Darryl Young, OB125 – Ron and Anne Mason, OB194 Rick Mckinley, Jeanette Mckinley and Brian Mckinley, COB6 – Darren McSweeney and COB39 – Jeff Waddell.

25 Replacing the name 'Batman' was advocated by those listed in Tables Q and AF.

88. A number of objections to the proposed redistribution argued for the recognition of William Cooper,<sup>26</sup> an Aboriginal political activist and community leader who advocated strongly for Aboriginal rights and helped establish the Australian Aborigines' League in the 1930s. His work led to the establishment of what is now known as the National Aborigines and Islanders Day Observance Committee (NAIDOC) week and he led the only private protest against Germany following Kristallnacht in 1938.
89. The augmented Electoral Commission considered that both William Cooper and Simon Wonga met the naming guideline with respect to providing service to Australia, but were of the view that William Cooper's contributions were greater and more wide-ranging.
90. The augmented Electoral Commission proposes the electoral division will be known as the Division of Cooper to recognise William Cooper.

### Renaming the proposed Division of Cox

91. The Redistribution Committee proposed renaming the Division of Corangamite to 'Cox' to honour and recognise May Cox (1883–1953), for her lasting legacy in teaching swimming and lifesaving to Victorians. The Redistribution Committee formed the view it would be appropriate to rename the electoral division due to its changed nature as a result of proposed changes to the boundaries of the electoral division.<sup>27</sup>
92. While some objections to the proposed redistribution, comments on objections and submissions to the inquiries supported the proposed name and recognition of May Cox,<sup>28</sup> a significant number did not support the rename. Those arguing against renaming the electoral division to 'Cox' advanced the following arguments:
  - May Cox did not make a significant enough contribution to Australia to merit having a federal electoral division named for her,
  - May Cox does not have a sufficient connection to the electoral division and is not known by the community,
  - 'Cox' is an unfortunate double-entendre and will open the electoral division and the local member to ridicule,
  - if the electoral division is to be renamed, it should be to an Aboriginal name, and/or
  - the name 'Corangamite' should be retained as it is a Federation name, an Aboriginal name and is still strongly connected to the area.<sup>29</sup>
93. Thirty-one names were offered as alternatives to the name 'Cox' should the augmented Electoral Commission decide against retaining the name 'Corangamite'. The alternative names are displayed in Table H.

26 Adopting the name 'Cooper' for an electoral division was advocated by: OB68 – Martin Gordon, OB316 – Leon Zembekis, COB94 – Margaret Clarke, COB100 – William Cooper's Legacy Project, IM28 – Vivienne Fink on behalf of Uncle Boydie, IM30 – Abe Schwarz, IM31 – Alexander Kats and IM33 – Shane Easson – Australian Labor Party.

28 Objections and comments on objections which referred to this matter include OB5 – Ned O. Strange, OB91 – Trevor Mildenhall, OB92 – Jeff Waddell, OB129 – Brian Crook, OB169 – Neil Longmore, OB184 – Marie James, OB287 – Lynette Mason, OB362 – Anne Heath Mennell, OB389 – John Sutherland, OB412 – Australian Labor Party (Victorian Branch), COB40 – Dr Colin Benjamin OAM FAICD MAASW and COB48 – Neville Stanley.

29 Objections, comments on objections and submissions to the inquiries which referred to this matter are listed in Tables R, S, T, U and AF.

Alternative names advocated in objections, comments on objections and submissions to the inquiries
<b>Austin</b> – in honour of Elizabeth Austin (1821–1910), philanthropist
<b>Barak</b> – in honour of William Barak (1824–1903), Aboriginal elder, activist and artist
<b>Barrabool</b> – thought to be an Aboriginal word with several recorded meanings: oyster, or a slope down to water, or a rounded mountain
<b>Beaurepaire</b> – in honour of Sir Francis Joseph Edmund (Frank) Beaurepaire (1891–1956), Olympic swimmer, politician and businessman
<b>Beaurepaire</b> – in honour of Lily Beaurepaire (1893–?), Olympic swimmer and philanthropist
<b>Buckley</b> – in honour of William Buckley (1780–1856), soldier, emancipist, indigenous culture recorder, public servant
<b>Brownlow</b> – in honour of Charles Brownlow (1861–1924), Australian Rules player
<b>Bullwinkel</b> – in honour of Lieutenant-Colonel Vivian Bullwinkel AO MBE ARRC ED FNM (1915–2000), for her services as an Australian Army nurse during the Second World War
<b>Cape Otway</b> – after the locality of Cape Otway, which makes up part of the proposed Division of Cox
<b>Cherry</b> – in honour of Percy Herbert Cherry VC MC (1895–1917), soldier and recipient of the Victoria Cross, for gallantry ‘in the face of the enemy’
<b>Connewarre</b> – after Lake Connewarre which makes up part of the proposed Division of Cox
<b>Corangamite</b> – after Lake Corangamite. The name of the lake originated from the Aboriginal word for ‘bitter’, describing the salt content of the lake
<b>Couper</b> – in honour of Gail Couper (1945–), competitive surfer from the 1960s
<b>Davis</b> – in honour of Bob Davis (1928–2011), Australian Rules player
<b>Drysdale</b> – in honour of Anne Drysdale (1792–1853), grazier who ran the early Port Phillip properties Boronggoop, then Coryule, in partnership with Caroline Newcomb
<b>Dugdale</b> – in honour of Henrietta Augusta Dugdale (1827–1918), suffragist, women’s activist, temperance advocate
<b>Fraser</b> – in honour of the Rt Hon. John Malcolm Fraser AC CH (1930–2015), Prime Minister of Australia from 1975 to 1983
<b>Gadubanud</b> – in honour of the Aboriginal tribes whose traditional land covers the Lake Colac region of Victoria
<b>Glowrey</b> – in honour of Mary Glowrey (1887–1957), medical doctor and religious sister
<b>Great Ocean Road</b> – after the Great Ocean Road which is the world’s largest war memorial and an important tourist attraction which makes up part of the proposed Division of Cox
<b>Guilfoyle</b> – in honour of Dame Margaret Guilfoyle AC DBE (1926–), who served as a Senator for Victoria from 1971 to 1987 and was the first woman appointed to cabinet in 1978
<b>Guthrie</b> – in honour of James Francis Guthrie CBE (1872–1958), who served as a Senator for Victoria from 1920 to 1938
<b>Harrison</b> – in honour of James Harrison (1816–93), founder of the <i>Geelong Advertiser</i> and inventor of the mechanical refrigeration process
<b>Kulin</b> – after the Kulin Nation, an alliance of five Indigenous Australian tribes in south central Victoria
<b>Lawrence</b> – in honour of Marjorie Lawrence (1907–79), an Australian operatic soprano
<b>MacKillop</b> – in honour of Sister Mary MacKillop RSJ (1842–1909), an Australian nun who has been declared a saint by the Catholic Church

Alternative names advocated in objections, comments on objections and submissions to the inquiries

**Nicholls** – in honour of Sir Douglas Ralph Nicholls MBE(C) OBE(C) KCVO (1906–88) and Lady Gladys Nicholls (1906–81) for their significant contribution in advocating for Aboriginal rights and welfare

**Redpath** – in honour of Ian Redpath (1914– ), Australian cricketer

**Somers** – in honour of Arthur Somers (1887–1944), Governor of Victoria from 1926 to 1931

**Streeton** – in honour of Sir Arthur Ernest Streeton (1867–1943), landscape painter, official War Artist, and leading member of the Heidelberg School

**Surf Coast** – after the coastal area from Point Lonsdale on the Bellarine Peninsula to the mouth of the Gellibrand River, which makes up part of the proposed Division of Cox

**Wurdiboluc** – after the Wurdiboluc Reservoir, which makes up part of the proposed Division of Cox  
an Indigenous person or word

94. The augmented Electoral Commission considered the arguments opposing the use of the name 'Cox' for the electoral division presented by those making objections to the proposed redistribution, commenting on objections or making submissions to the inquiries and was not convinced by the argument that May Cox is not an individual who merits having a federal electoral division named for her. Women are under-represented in the names of federal electoral divisions, and frequently unrecognised for their achievements. This is equally so of educators. The augmented Electoral Commission does not accept that, as May Cox is currently unrecognised, she should not be recognised today, and notes its own role in addressing such imbalances and oversights. The augmented Electoral Commission commends May Cox as an individual who has rendered outstanding service to her country in education and the teaching of swimming and lifesaving, in her work supporting the Australian war effort during World War One and in her influential leadership in a time when there were far greater social barriers for women in the workplace.
95. The augmented Electoral Commission is also unconvinced by arguments regarding the suitability of the name 'Cox'. It is unreasonable to suggest that worthy individuals who have names that a small section of the community may consider suggestive should not be recognised, and notes objections which argue that this is disrespectful to May Cox, her family and those whose surname is 'Cox'. The augmented Electoral Commission considers Australia a sufficiently mature and open-minded society to recognise the achievements of a worthy individual over any subjective innuendo in name.
96. A strong theme observed throughout the objections to the proposed redistribution, comments on objections and submissions to the inquiries was the desire of those resident in the proposed electoral division to retain an Aboriginal name for their electoral division, whether this be 'Corangamite', another Aboriginal word or the name of an Aboriginal person. Some objections noted that the name 'Corangamite' now has a strong connection to the area covered by the electoral division itself, rather than simply the lake or the local government area. The augmented Electoral Commission therefore concluded it would be appropriate to retain the name of the electoral division, noting that the meaning of Corangamite, as 'bitter' and relating to the saltiness of Lake Corangamite, is equally appropriate to a coastally focused electoral division. Doing so will also allow for the retention of a Federation name and an Aboriginal name.
97. The electoral division will be known as the Division of Corangamite.

## Renaming the proposed Division of Macnamara

98. The Redistribution Committee proposed renaming the Division of Melbourne Ports to ‘Macnamara’ in honour and recognition of Dame Annie Jean Macnamara DBE (1899–1968)<sup>30</sup>, for her contributions to medical science and improving the lives of patients suffering from paralysis. It considered that the boundaries of the electoral division had altered such that while once it covered the ports area, it now has a stronger residential and urban character.<sup>31</sup>
99. A number of objections to the proposed redistribution and comments on objections observed that ‘Macnamara’ was an appropriate name for an electoral division as Dame Jean Macnamara was a worthy individual who made a significant contribution to Australian science and medicine, and also had a significant personal impact on the lives of many polio survivors.<sup>32</sup>
100. A number of objections to the proposed redistribution and comments on objections argued that the electoral division should not be named ‘Macnamara’,<sup>33</sup> with the following arguments advanced:
- the electoral division still retains much of its connection to the ports of the City of Melbourne,
  - ‘Melbourne Ports’ is a Federation name, and/or
  - Dame Jean Macnamara did not have a strong connection to the area.
101. Six names were offered as alternatives to the name ‘Macnamara’ should the augmented Electoral Commission decide against retaining the name ‘Melbourne Ports’. The alternative names offered are displayed in Table I.

**Table I: Names advocated in objections and comments on objections as alternatives to ‘Macnamara’**

Alternative names advocated in objections or comments on objections
<b>Balaclava</b> – after the locality of Balaclava, which makes up part of the proposed Division of Macnamara
<b>Child</b> – in honour of Gloria Joan Liles Child AO (1921–2013), the first woman to be Speaker of the Australian House of Representatives from 1986 to 1989
<b>Guilfoyle</b> – in honour of Dame Margaret Guilfoyle AC DBE (1926–), who served as a Senator for Victoria from 1971 to 1987 and was the first woman appointed to cabinet in 1978
<b>Holding</b> – in honour of Allan Clyde Holding (1931–2011), member of the Victorian Parliament and Member for Melbourne Ports from 1977 to 1998
<b>Macfarlane Burnet</b> – in honour of Sir Frank Macfarlane Burnet OM KBE(C) AK (1899–1985), for his contributions to immunology
<b>Melbourne Ports</b> – after the area in which it is located, south of Melbourne’s central business district
<b>Monash</b> – in honour of Sir John Monash CB(M) KCB(M) GCMG (1865–1931), Australian military commander of the First World War and civil engineer

102. The augmented Electoral Commission concluded that:
- the Redistribution Committee’s proposal was sound and follows the guidelines, and
  - for these reasons, the Redistribution Committee’s proposal should stand unchanged.
103. The former Division of Melbourne Ports will be known as the Division of Macnamara.

33 Objections, comments on objections and submissions to the inquiries which referred to this matter are listed in Table AF.

## Renaming the proposed Division of Monash

104. The Redistribution Committee proposed renaming the Division of McMillan to ‘Monash’ to honour and recognise Sir John Monash CB(M) KCB(M) GCMG (1865–1931). As Monash’s work at the State Electricity Commission contributed significantly to the development of parts of Gippsland, the Redistribution Committee considered that ‘Monash’ was an appropriate name for an electoral division located in the wider Gippsland area.<sup>34</sup>
105. While some objections to the proposed redistribution, comments on objections and submissions to the inquiries voiced the opinion that the name ‘McMillan’ should be retained,<sup>35</sup> many welcomed the Redistribution Committee’s proposal to retire the name. However, not all agreed that ‘Monash’ was the most appropriate name, with arguments made that while Sir John Monash is a worthy individual, he has been sufficiently recognised elsewhere, or it may be better to name an electoral division in a different part of Victoria after him.<sup>36</sup>
106. Eight alternative names were offered, with many arguing that it would be more appropriate for the proposed electoral division to be given an Aboriginal name. The alternative names offered are displayed in Table J.

**Table J: Names advocated in objections, comments on objections and submissions to the inquiries as alternatives to ‘Monash’**

<b>Anderson</b> – in honour of Samuel Anderson (1803–63), explorer, in recognition of his exploration of the South Gippsland region
<b>Bunjileene-Purrine</b> – in honour of Bunjileene and Purrine, Aboriginal leaders of communities in the Gippsland region
<b>Cooper</b> – in honour of William Cooper (1861–1941), Aboriginal political activist and community leader
<b>Fraser</b> – in honour of the Rt Hon. John Malcolm Fraser AC CH (1930–2015), Prime Minister of Australia from 1975 to 1983
<b>Ginn</b> – in honour of Drew Ginn OAM (1974– ), triple Olympic gold medallist rower
<b>Peacock</b> – in honour of Millicent Peacock (1870–1948 ), first woman to serve in the Victorian parliament

a geographical name

107. The augmented Electoral Commission:
- understands the importance of recognising indigenous heritage and hurt, and has recognised the names of three important leaders in Aboriginal rights with the Divisions of Cooper and Nicholls,
  - recognises the importance of maintaining Aboriginal names for electoral divisions where possible and has retained the name of the Division of Corangamite,

34 Redistribution Committee for Victoria, op. cit., page 37–38

35 Objections which referred to this matter include OB5 – Ned O. Strange, OB40 – Philip Bagley, OB55 – Anne Bray, OB64 – Edmund Carew, OB166 – Brian Greer, OB225 – William Morris and OB337 – Malcolm McLennan.

36 Objections, comments on objections and submissions to the inquiries which referred to this matter are listed in Tables X, AD and AF.

- notes objections that the Monash name is strongly linked to Monash City Council, Monash University and the Monash freeway in the Division of Hotham, but also notes separation between the electoral divisions and municipalities in Casey, Corangamite and Maribyrnong. Local government boundaries in Victoria have effectively been static for many years, however federal electoral division boundaries change over time and the attribution of a name to a specific area, based on associations at other levels of government, was not seen as a compelling argument, and
- notes Sir John Monash's broad connection to the electoral division through his role in the State Electricity Commission and the development of the Latrobe Valley.

108. The augmented Electoral Commission concluded that:

- the Redistribution Committee's proposal was sound and follows the guidelines, and
- for these reasons, the Redistribution Committee's proposal should stand unchanged.

109. The former Division of McMillan will be known as the Division of Monash.

### Renaming the proposed Division of Nicholls

110. The Redistribution Committee proposed renaming the Division of Murray to 'Nicholls' to honour Sir Douglas Ralph Nicholls MBD(C) OBE(C) KCVO and Lady Gladys Nicholls for their significant contribution in advocating for Aboriginal rights and welfare. As the Nicholls had a strong personal connection to this region of Victoria, the Redistribution Committee considered 'Nicholls' is an appropriate name for this electoral division.<sup>37</sup>

111. While six objections opposed the renaming of the Division of Murray, arguing that 'Murray' was still a relevant name for an electoral division which borders the Murray River,<sup>38</sup> there was general support for recognition of the Nicholls and their work in Aboriginal advocacy.<sup>39</sup>

112. Three alternative names or namesakes were offered.<sup>40</sup> These alternatives are listed in Table K.

**Table K: Names advocated in objections and comments on objections as alternatives to 'Nicholls'**

#### Alternative names advocated in objections or comments on objections

**McEwen** – in honour of Sir John McEwen (1900–80), who served as caretaker Prime Minister of Australia for three weeks in 1967–68

**Murray** – in honour of John Murray (1775–1807), explorer

**Murray** – in honour of Les Murray (1945–2017), broadcaster and sports journalist

113. The augmented Electoral Commission concluded that:

- the Redistribution Committee's proposal was sound and follows the guidelines, and
- for these reasons, the Redistribution Committee's proposal should stand unchanged.

114. The former Division of Murray will be known as the Division of Nicholls.

38 This was argued by: OB5 – Ned O. Strange, OB55 – Anne Bray, OB64 – Edmund Carew, OB121 – M Dale, OB286 – Michael Ritchie, OB354 – Liberal Party of Australia (Victorian Division), OB369 – The Nationals – Victoria and IM8 – Matthew Harris – The Nationals.

39 Support for the name 'Nicholls' was provided by OB13 – James Doyle, OB52 – Anne Shaw, OB68 – Martin Gordon, OB78 – Andrew Bock, OB123 – Malcolm Mackerras AO, OB306 – Australian Greens Victoria, OB362 – Anne Heath Mennell, OB412 – Australian Labor Party (Victorian Branch), COB6 – Darren McSweeney and IW26 – Shane Easson – Australian Labor Party.

40 Alternative names were offered by OB5 – Ned O. Strange and OB286 – Michael Ritchie.

## Renaming of the remaining electoral divisions

115. The Redistribution Committee noted that many of the suggestions to the redistribution and comments on suggestions advocated changing the names of existing electoral divisions, but did not consider that strong enough reasons to alter electoral division names had been provided. The Redistribution Committee therefore proposed retaining the names of 33 of Victoria's electoral divisions.<sup>41</sup>
116. Objections and the augmented Electoral Commission's conclusions relating to the Division of Batman are discussed above.
117. A number of objections to the proposed redistribution, comments on objections and submissions to the inquiries advocated renaming electoral divisions.<sup>42</sup> The alternative names offered are displayed in Table L.

<b>Wonga</b> – in honour of Simon Wonga (1821–74), in recognition of his leadership of the Victorian Aboriginal community in the 19th century	

118. The guidelines note that the names of electoral divisions should not be changed or transferred to new areas without very strong reasons. Any decision to alter the name of an electoral division is not taken lightly.
119. While noting the contribution to Australian society of those individuals submitted for its consideration and the general relevance of those names submitted, with the exception of the cases outlined above, the augmented Electoral Commission concluded strong enough reasons to alter the names of the electoral divisions listed in Table L were not provided. The augmented Electoral Commission concluded the Redistribution Committee's proposal with respect to these names should stand unchanged.
120. The augmented Electoral Commission has retained the names of the electoral divisions indicated in Table M.

## Augmented Electoral Commission's approach to formulating electoral boundaries

121. In deciding whether to amend the Redistribution Committee's proposal to incorporate a concept submitted in an objection, comment on objection or submission to the inquiries, the augmented Electoral Commission was mindful whether the advocated amendment would improve the Redistribution Committee's proposal. As the augmented Electoral Commission's formulation of electoral divisions must conform to the requirements of the Electoral Act, potential amendments were also analysed with respect to the requirements of sub-section 73(4) of the Electoral Act.
122. The primary requirement was to ensure each electoral division remains within the permissible maximum and minimum number of electors around the projected enrolment quota (see Table B) and the current enrolment quota (see Table A). In modifying the boundaries of electoral divisions proposed by the Redistribution Committee, the augmented Electoral Commission was therefore required to ensure that each electoral division in Victoria continued to fall within the permissible ranges for the maximum and minimum number of electors in an electoral division.
123. Similarly, when considering adjusting the boundary of an electoral division to better reflect one community of interest, the augmented Electoral Commission observed that such an adjustment could prompt concerns about one or more different communities of interest.

### Adjusting the boundaries of existing electoral divisions

124. In constructing their proposed redistribution, the Redistribution Committee noted that it was required to create a new electoral division and that 27 of the 37 electoral divisions did not satisfy the numerical requirements of the Electoral Act and therefore must change. To meet these requirements the Redistribution Committee proposed adjusting the boundaries of all of Victoria's 37 existing electoral divisions such that:
  - most electoral divisions had a rural, provincial or metropolitan focus, with future growth more evenly distributed across electoral divisions,
  - one metropolitan electoral division crossed the Yarra River,
  - in a number of cases localities or local government areas were united within one, or were shared between fewer, electoral divisions, and
  - where possible, the opportunity was taken to provide more clearly defined electoral boundaries, which in some cases involved no or minimal elector movements.<sup>43</sup>
125. The Redistribution Committee considered that this proposed redistribution would result in electoral divisions which:
  - more equitably balanced enrolment numbers across the state,
  - could accommodate the differing rates of growth across Victoria,
  - kept together or improved existing communities of interest, in some cases uniting local government areas and localities within one electoral division, where possible, and
  - used strong and readily identifiable features, such as major roads, rivers or established administrative boundaries to define electoral division boundaries.<sup>44</sup>

<sup>43</sup> Redistribution Committee for Victoria, op. cit., page 27

<sup>44</sup> *ibid.*, page 27

126. Twenty-three divisions of the augmented Electoral Commission's redistribution differ from those proposed by the Redistribution Committee, although a number of these changes were taken to provide more appropriate boundaries and resulted in no or minimal elector movement. Alternatives to these changes did not feature in objections to the proposed redistribution, comments on objections or submissions to the inquiries. These changes include:
- a minor alignment between the Divisions of Casey and Indi to adhere to the locality boundary between Castella and Dixons Creek,
  - a minor alignment between the Divisions of Casey and La Trobe to adhere to the locality boundary between Gembrook and Yellingbo,
  - a minor alignment between the Divisions of Corangamite and Corio to adhere to the locality boundary between Belmont and Grovedale,
  - a minor alignment of the boundary between the Divisions of Holt and La Trobe to follow Lemongrove Way, Marija Crescent and Clyde Road, rather than the Narre Warren South locality boundary, and
  - a minor alignment between the Divisions of Mallee and Wannon to adhere to the boundary of Southern Grampians Shire Council at the locality of Cherrypool.
127. The augmented Electoral Commission considered the Redistribution Committee's proposal and agreed with much of what was proposed. Where an alternative to the Redistribution Committee's proposal was advocated, the augmented Electoral Commission considered whether modifications should be made to address the alternative. The following paragraphs, together with Appendix F, outline the augmented Electoral Commission's decisions with respect to the alternatives offered.

### The boundary of the proposed Division of Cox (Corangamite)

128. The Redistribution Committee proposed moving:
- the town of Colac and surrounds to the proposed Division of Wannon, noting that the Division of Wannon needed to increase elector numbers and recognising agricultural, demographic and environmental connections between Colac and the proposed Division of Wannon,
  - the localities of Belmont and Highton to the proposed Division of Corio, putting more of urban Geelong into that electoral division, and
  - moving the balance of the Bellarine Peninsula to the proposed Division of Cox (Corangamite).<sup>45</sup>
129. Objections to the proposed redistribution relating specifically to the movement of Colac and the split of Colac Otway Shire Council are discussed separately below.
130. Other objections to the proposed redistribution regarding the proposed Division of Cox (Corangamite) argued that the removal of Colac and Belmont/Highton from the electoral division would reduce its diversity and sever strong community, sporting and trade links between Colac, Geelong and Belmont/Highton. Some objections suggested that the Bellarine Peninsula did not have sufficient links to the Surf Coast and other parts of the proposed Division of Cox (Corangamite) and should remain in the proposed Division of Corio.<sup>46</sup>
131. A number of objections supportive of the proposed boundaries for the Division of Cox (Corangamite) noted links between Colac and the regions to its west, as well as similarities in terms of trade, agriculture and environment. Similar links were noted between the localities of Belmont

<sup>45</sup> *ibid.*, page 51

<sup>46</sup> Those in favour of different boundaries are displayed in Table AG.

and Highton and the rest of urban Geelong, arguing Colac was a natural fit for the rural Division of Wannon and Belmont and Highton for the Geelong-based Division of Corio. These objections noted that the proposed changes to the Division of Cox (Corangamite) made it a more homogenous coastal and tourism-focused electoral division.<sup>47</sup>

132. The augmented Electoral Commission concluded that:

- the Redistribution Committee's proposal was sound,
- any alternatives proposed or other adjustments necessary to accommodate these changes within the requirements of the Electoral Act would not result in an improved outcome at this time, and
- for these reasons, the Redistribution Committee's proposal should stand unchanged bar a minor amendment discussed below under Golden Plains Shire Council, and a minor correction to the Belmont locality boundary.

### The electoral division(s) in which Colac Otway Shire Council is located

133. The Redistribution Committee proposed moving the town of Colac and surrounds to the proposed Division of Wannon, noting that the Division of Wannon needed to increase its elector numbers and recognising agricultural, demographic and environmental connections between Colac and the proposed Division of Wannon. The Redistribution Committee considered a number of variations to shifting part of the Colac Otway Shire Council, but ultimately found alternative configurations resulted in compromised boundaries elsewhere in the state.<sup>48</sup>

134. Objections to the proposed redistribution which opposed the proposed boundaries argued that Colac Otway Shire Council should not be split as it would affect its advocacy with federal representatives, and that Colac had benefited from a strong relationship with the current Member for Corangamite. Objections raised concerns about access to, and the quality of, representation in a large electoral division such as the Division of Wannon. Objections noted the strong community, service and trade links between Colac and Geelong and suggested that Colac did not have strong connections to communities in the proposed Division of Wannon.<sup>49</sup>

135. Some objections argued that Colac Otway Shire could be united in the proposed Division of Cox (Corangamite) if Golden Plains Shire Council were moved in its entirety to the proposed Division of Wannon.<sup>50</sup> Several objections and comments on objections opposed this change, suggesting that the arguments which supported Colac Otway Shire Council being in the proposed Division of Cox (Corangamite) applied equally or more so to Golden Plains Shire Council.<sup>51</sup>

47 Those supporting the proposed boundaries are displayed in Table AG.

48 Redistribution Committee for Victoria, op. cit., pages 75–76

49 Those in favour of retaining Colac in the proposed Division of Cox are displayed in Tables R, S, U, V and AG.

50 Objections and submissions to the inquiries which advocated for this change include: OB68 – Martin Gordon, OB105 – Veronica Levay, OB207 – Anthony McDonald, OB329 – Colac Otway Shire Council, OB334 – Trinity College Colac, OB369 – The Nationals – Victoria, OB374 – WH Bennet & Sons Pty Ltd, OB375 – Kilmour Investments Pty Ltd, OB404 – Jill Falkiner, OB407 – Walter and Jan Slow, OB411 – Peter Falkiner and IW12 – Robert Dobrzynski – Colac Otway Shire.

51 Objections, comments on objections and submissions to the inquiries which opposed this change include: OB246 – Christopher J Harkin, OB360 – Jayne and Daryl Collins, OB349 – Golden Plains Shire Council, COB83 – Golden Plains Women's Network, COB89 – Golden Plains Shire Council, COB91 – Marie James, IW26 – Shane Easson, Australian Labor Party, IM11 – Eric Braslis – Golden Plains Shire Council and IM23 – Charles Richardson.

136. A number of objections supported the proposed boundaries for the Division of Cox (Corangamite) and noted the links between Colac and the western regions and similarities in terms of trade, agriculture and environment. Some noted that the proposed changes to the Division of Cox (Corangamite) made it a more homogenous coastal and tourist-industry-focused electoral division and suggested this would improve representation for those communities.<sup>52</sup>
137. The augmented Electoral Commission concluded that:
- concerns about the quality of representation, or any potential change in representation, fall outside of the scope of the augmented Electoral Commission's considerations,
  - any alternatives proposed or other adjustments necessary to accommodate these changes within the requirements of the Electoral Act would not result in an improved outcome at this time, and
  - for these reasons, the Redistribution Committee's proposal should stand unchanged, bar a minor amendment discussed below under Golden Plains Shire Council and a minor correction to the Belmont locality boundary.
138. The town of Colac and surrounds will be located in the Division of Wannon. Colac Otway Shire will remain shared between the Divisions of Corangamite and Wannon as proposed by the Redistribution Committee, with the exception of a minor amendment discussed in the section below.

### The electoral division(s) in which Golden Plains Shire Council is located

139. Prior to the commencement of this redistribution, Golden Plains Shire Council was located in the Divisions of Ballarat and Corangamite, however both of these electoral divisions exceed the numerical requirements for projected electors and were required to transfer electors to other electoral divisions. The Redistribution Committee therefore proposed retaining the south-eastern portion of the Shire Council in the proposed Division of Cox (Corangamite) and transferring the remaining north-western part to the proposed Division of Wannon.<sup>53</sup>
140. Objections to the proposed redistribution noted the strong community of interest between Golden Plains Shire Council and the Divisions of Ballarat and Corangamite, suggesting that the Shire Council was naturally split with the north-western part looking to Ballarat and the south-eastern to Geelong, and that no part of the Shire Council was connected to the Division of Wannon.<sup>54</sup> Some objections suggested the proposed boundaries did not correctly reflect this split and that the Golden Plains and Colac Otway Shire Council localities of Barunah Park, Barunah Plains and Wingeel should be located in the proposed Division of Cox (Corangamite).<sup>55</sup>

<sup>52</sup> Objections, comments on objections and submissions to the inquiries which referred to this matter are listed in Table AG.

<sup>53</sup> Redistribution Committee for Victoria, op. cit., pages 51 and 76

<sup>54</sup> Objections, comments on objections and submissions to the inquiries which referred to this matter include: OB109 – Kevin and Jenny Blake, OB111 – Golden Plains Rural Women's Network, OB129 – Brian Crook, OB184 – Marie James, OB349 – Golden Plains Shire Council, OB412 – Australian Labor Party (Victorian Branch), COB81 – Colac Otway Shire, COB84 – Australian Labor Party (Victorian Branch), COB83 – Golden Plains Rural Women's Network, COB89 – Golden Plains Shire Council, COB91 – Marie James, IW10 – Jenny Blake, IW11 – Geraldine Frantz – Jenny Blake representing and IM11 – Eric Braslis – Golden Plains Shire Council.

<sup>55</sup> This matter was advocated by: OB109 – Kevin and Jenny Blake, OB111 – Golden Plains Rural Women's Network and IW10 – Jenny Blake.

141. Some objections proposed that Colac Otway Shire could be united in the proposed Division of Cox (Corangamite) if Golden Plains Shire Council were moved in its entirety to the proposed Division of Wannon.<sup>56</sup> Several objections and comments on objections opposed this change, suggesting that the arguments which supported Colac Otway Shire Council being in the proposed Division of Cox (Corangamite) applied equally or more so to Golden Plains Shire Council.<sup>57</sup>
142. The augmented Electoral Commission noted the portion of the Golden Plains Shire Council which encompasses Barunah Park and the portion of Colac Otway Shire Council that encompasses Barunah Plains and Wingeel could be located in the Division of Corangamite. As these changes would better reflect communities of interest, the augmented Electoral Commission concluded the Redistribution Committee's proposal could be improved.
143. The localities of Barunah Park, Barunah Plains and Wingeel will be located in the Division of Corangamite. Golden Plains Shire Council otherwise remains shared between the Divisions of Corangamite and Wannon, with those localities west of Barunah Park, Shelford and Meredith, being located in the Division of Wannon, as proposed by the Redistribution Committee.

### The electoral division(s) in which the locality of Craigieburn is located

144. At the start of the redistribution, the locality of Craigieburn was split between the Divisions of Calwell and McEwen. As the Division of McEwen has the highest projected enrolment in the state and must undergo a significant decrease in the number of electors, the Redistribution Committee proposed uniting the urban locality of Craigieburn in the proposed Division of Calwell. This meant that the proposed Division of McEwen lost some, but not all, of its urban fringes and remained an electoral division which serves as an interface between greater Melbourne and the provincial and rural electoral divisions to the north.<sup>58</sup>
145. Objections to the proposed redistribution which opposed the proposed boundaries noted that Craigieburn is a hub for growth communities to its north along the Hume Freeway, with some also noting its strong connection to the growth area around Mernda to its east, arguing that these communities should be united in one electoral division. Some objections argued that, in exchange for Craigieburn, Sunbury should be located in the proposed Division of Calwell, as it has strong links to the airport and communities to its south.<sup>59</sup>
146. A number of objections and comments on objections supported the proposed boundaries, advocating that Craigieburn is more demographically and geographically aligned with the rest of the proposed Division of Calwell and that Sunbury, as a satellite city and gateway to the Macedon Ranges, is a better fit with the proposed Division of McEwen.<sup>60</sup>

56 Objections and submissions to the inquiries which advocated for this change include: OB68 – Martin Gordon, OB105 – Veronica Levay, OB207 – Anthony McDonald, OB329 – Colac Otway Shire Council, OB334 – Trinity College Colac, OB369 – The Nationals – Victoria, OB374 – WH Bennet & Sons Pty Ltd, OB375 – Kilmour Investments Pty Ltd, OB404 – Jill Falkiner, OB407 – Walter and Jan Slow, OB411 – Peter Falkiner and IW12 – Robert Dobrzynski – Colac Otway Shire.

147. The augmented Electoral Commission observed that any alternatives proposed or other adjustments necessary to accommodate these changes within the requirements of the Electoral Act would not result in an improved outcome at this time.
148. The augmented Electoral Commission concluded the Redistribution Committee's proposal was sound and should be adopted without change.
149. The locality of Craigieburn will be located in the Division of Calwell.

### The boundary between the proposed Divisions of Dunkley and Flinders

150. The Redistribution Committee proposed moving the locality of Mornington and the balance of the locality of Baxter from the Division of Dunkley to the proposed Division of Flinders. This would unite the majority of Mornington Peninsula Shire Council, with the exception of Mount Eliza which could not be included for numerical reasons, in the proposed Division of Flinders. One result of this proposal is that the proposed Division of Flinders would become an electoral division based entirely on the Mornington Peninsula.<sup>61</sup>
151. Objections to the proposed redistribution which opposed the movement argued that the localities of Mornington and Baxter should be located in the proposed Division of Dunkley on the basis of community of interest as well as transport, trade, and sporting links.<sup>62</sup> Some objections proposed amending the boundaries of the proposed Divisions of Bruce, Dunkley, Flinders, Holt, Hotham and Isaacs to achieve the retention of Mornington, or the majority of Mornington, in the proposed Division of Dunkley.<sup>63</sup>
152. A number of objections to the proposed redistribution and comments on objections supported the proposed boundaries for the Division of Dunkley, arguing that objections which related to sporting and trade connections were not valid, as federal electoral division boundaries would not stop these communities working together. Objections also argued that having the proposed Division of Dunkley based on Frankston City Council and the proposed Division of Flinders based on Mornington Peninsula Shire Council improved communities of interest in both proposed electoral divisions.<sup>64</sup>
153. The augmented Electoral Commission concluded that:
  - the benefits of uniting the majority of the Mornington Peninsula Shire Council in the Division of Flinders and uniting all of Frankston City Council in the Division of Dunkley outweigh concerns about the community of interest for Mornington and Baxter on their own, and
  - any alternatives proposed or other adjustments necessary to accommodate these changes within the requirements of the Electoral Act would not result in an improved outcome at this time and would have significant consequential effects on the rest of the redistribution.
154. The augmented Electoral Commission concluded the Redistribution Committee's proposal was sound and should be adopted without change.
155. The locality of Mornington and the balance of the locality of Baxter will be located in the Division of Flinders.

62 Objections, comments on objections and submissions to the inquiries which referred to this matter are listed in Tables Z and AG.

63 Objections which advocated alternate boundaries include: OB92 – Jeff Waddell, OB226 – Peter Baulch, OB270 – Colin Fisher OAM, OB319 – Mornington & District Historical Society Inc. and OB354 – Liberal Party of Australia (Victorian Division).

64 Comments on objections and submissions to the inquiries which supported the proposed boundaries for the Division of Dunkley include: COB6 – Darren McSweeney, COB25 – Sarah Lean-Jones, COB29 – Cr Colin Hampton, COB31 – Frankston & District Basketball Association (FDBA), COB99 – Charles Richardson, IM3 – Cr Colin Hampton and IM23 – Charles Richardson.

## The electoral division(s) in which the localities of Flemington, Kensington and Travancore are located

156. Prior to the commencement of this redistribution, the localities of Flemington, Kensington and Travancore were located in the Division of Melbourne. As this electoral division, on the boundaries in place at the start of the redistribution, exceeds the numerical requirements for projected electors, it was therefore required to transfer electors to other electoral divisions. The Redistribution Committee proposed transferring Flemington and Travancore from the Division of Melbourne to the proposed Division of Maribyrnong. This allowed for further alterations between the proposed Divisions of Batman (Cooper), Melbourne and Wills to both meet the numerical requirements of the Electoral Act and to adopt strong electoral division boundaries.<sup>65</sup>
157. Objections to the proposed redistribution argued that the strong historical, demographic and community links between Flemington and Kensington meant that the two localities should remain together in the Division of Melbourne. Some objections suggested that Flemington would not be well represented in the more suburban Division of Maribyrnong and should be in the inner-city Division of Melbourne, arguing that although the proposed federal electoral division boundary would match state and local government area boundaries, these boundaries were problematic in themselves. Some objections argued that the locality of Travancore should also be included in this consideration.<sup>66</sup>
158. A number of comments on objections and submissions to the inquiries supported the movement of Flemington and Travancore to the proposed Division of Maribyrnong, suggesting it was a logical move and returning the area to the Division of Melbourne would have undesirable outcomes for elsewhere in the state.<sup>67</sup>
159. The augmented Electoral Commission noted that:
  - the primary factor for consideration in determining electoral divisions is to ensure the two numerical requirements of the Electoral Act would be met,
  - the Division of Melbourne, as it existed at the commencement of the redistribution, exceeded the permissible requirement for projected enrolment under the Electoral Act and was therefore required to transfer electors to one or more other electoral divisions,
  - the Division of Melbourne is projected to continue to grow and will likely need to transfer further areas to other electoral divisions in the future,
  - any other alternatives proposed or other adjustments necessary to accommodate these changes within the requirements of the Electoral Act would not result in an improved outcome at this time, and would leave the high-growth inner-city Divisions of Batman (Cooper), Melbourne and Wills at the high end of the numerical tolerance, and
  - a minor improvement to create a stronger, more identifiable boundary at Smithfield Road at the locality of Kensington could be accommodated by transferring a part of the locality of Kensington to the Division of Maribyrnong so that the boundary between the Divisions of Maribyrnong and Melbourne is Smithfield Road between Epsom Road and Racecourse Road. This change involves no elector movement.

65 Redistribution Committee for Victoria, *op. cit.*, pages 68 and 70

66 Objections, comments on objections and submissions to the inquiries which referred to this matter are listed in Tables AA and AG.

67 Comments on objections and submissions to the inquiries which supported the location of Flemington and Travancore in the Division of Maribyrnong include: COB6 – Darren McSweeney, COB39 – Jeff Waddell, IM6 – Martin Gordon and IM23 – Charles Richardson.

160. The augmented Electoral Commission therefore concluded the Redistribution Committee's proposal could be improved and has moved that part of the locality of Kensington located to the north of Smithfield Road into the Division of Maribyrnong, while retaining the majority of Kensington, which is located to the south of Smithfield Road, in the Division of Melbourne. Adopted without change is the Redistribution Committee's proposal to locate the suburbs of Flemington and Travancore in the Division of Maribyrnong.

### The electoral division(s) in which Maryborough and Central Goldfields Shire are located

161. The Redistribution Committee proposed the transfer of Central Goldfields Shire Council, including the town of Maryborough, from the Division of Wannon to the proposed Division of Mallee. The Redistribution Committee noted the community of interest between Central Goldfields Shire Council and the Bendigo region, but ultimately found that moving the Central Goldfields Shire Council into the Division of Bendigo would result in undesirable outcomes for elsewhere in the state.<sup>68</sup>
162. Objections to the redistribution opposing the location of Maryborough and Central Goldfields Shire Council in the proposed Division of Mallee argued that, as an area with strong connections to the Divisions of Bendigo and Ballarat, it would be better represented in either of those electoral divisions and would not be well represented in a large electoral division such as the Division of Mallee. Objections noted that the Redistribution Committee had considered placing the Shire Council in the proposed Division of Bendigo, but had not done so for numerical reasons. These objections argued that this was an unfair consequence on an area which is one of Victoria's most disadvantaged.<sup>69</sup>
163. Some objections and comments on objections observed that the consequential effects on the rest of Victoria of making these changes were undesirable, and noted that the representatives for large electoral divisions such as the Divisions of Mallee and Wannon will have resources to enable them to service all parts of their electoral division.<sup>70</sup>
164. The augmented Electoral Commission observed that:
- at the commencement of the redistribution, the Divisions of Ballarat and Bendigo exceeded the permissible requirement for projected enrolment under the Electoral Act and there was therefore limited opportunity for either electoral division to gain electors without other changes to the boundaries of these two electoral divisions being made,
  - the inclusion of Central Goldfields Shire Council in the Division of Bendigo would require a large compensating excision of an area likely to have similarly strong claims regarding communities of interest with the Division of Bendigo, and
  - any alternatives proposed or other adjustments necessary to accommodate these changes within the requirements of the Electoral Act would not result in an improved outcome at this time.
165. The augmented Electoral Commission concluded the Redistribution Committee's proposal was sound and should be adopted without change.
166. Maryborough and Central Goldfields Shire Council will be located in the Division of Mallee.

68 Redistribution Committee for Victoria, *op. cit.*, page 45 and 66–67

69 Objections, comments on objections and submissions to the inquiries which opposed the location of Maryborough and Central Goldfields Shire in the Division of Mallee are listed in Tables Y and AG.

70 Comments on objections which supported the location of Maryborough and Central Goldfields Shire Council in the Division of Mallee include: COB6 – Darren McSweeney, COB38 – Dr Mark Mulcair and COB99 – Charles Richardson.

## The electoral division(s) in which Point Cook is located

167. Prior to the commencement of this redistribution, the locality of Point Cook was located in the Division of Lalor. As this electoral division, on the boundaries in place at the start of the redistribution, exceeded the numerical requirements for projected electors, it was therefore required to transfer electors to other electoral divisions. The Redistribution Committee proposed transferring part of the locality of Point Cook to the proposed Division of Gellibrand. This proposal was based on maintaining an equitable balance of electors between the proposed Divisions of Gellibrand and Lalor, noting that Point Cook is a high growth and high population area.<sup>71</sup>
168. Objections opposing the split of Point Cook between the proposed Divisions of Gellibrand and Lalor argued that, as a distinct and high-growth community with the challenges that growth brings, it was important for Point Cook to be united in one electoral division for more consistent federal representation. It was also noted that Point Cook has worked hard as a new community to build a strong sense of identity and splitting it between two federal electoral divisions works against this.<sup>72</sup>
169. Some objections noted the location and large population of Point Cook made it difficult to unite the locality in one federal electoral division without having undesirable outcomes for elsewhere in Victoria, also noting it was likely the locality would be united at a future redistribution.<sup>73</sup>
170. The augmented Electoral Commission observed that, on the boundaries in place at the commencement of the redistribution, the Division of Lalor did not meet either of the two numerical requirements of the Electoral Act and was therefore required to transfer electors to other electoral divisions. Any alternatives proposed or other adjustments necessary to accommodate these changes within the requirements of the Electoral Act would not result in an improved outcome at this time in the opinion of the augmented Electoral Commission.
171. The augmented Electoral Commission concluded the Redistribution Committee's proposal was sound and should be adopted without change.
172. The locality of Point Cook will be located in the Divisions of Gellibrand and Lalor.

## The electoral division(s) in which the southern part of Casey City Council is located

173. Prior to the commencement of the redistribution, the communities in the southern part of Casey City Council around Western Port were located in the Division of Flinders. As this electoral division, on the boundaries in place at the start of the redistribution, exceeded the numerical requirements for projected electors, it was therefore required to transfer electors to other electoral divisions. The Redistribution Committee proposed transferring the southern part of Casey City Council to the proposed Division of Holt, which allowed the proposed Division of Flinders to be located entirely within the Mornington Peninsula.<sup>74</sup>
174. Objections to the proposed redistribution opposing the transfer of these communities to the proposed Division of Holt argued that they were more strongly aligned with the coastal and green wedge communities in the proposed Division of Flinders than with the suburban growth areas of the

proposed Division of Holt.<sup>75</sup> Some objections argued that the small population and low expected growth of this area may allow for its transfer back to the proposed Division of Flinders in isolation.<sup>76</sup> Other objections proposed further-reaching adjustments to the Divisions of Bruce, Dunkley, Flinders, Holt, Hotham and Isaacs to achieve this.<sup>77</sup>

175. Some objections supported the proposed boundaries, noting objections to this part of Casey City Council being in the proposed Division of Holt, but observing that alternative boundaries to keep these communities in the proposed Division of Flinders would lead to undesirable outcomes for elsewhere in Victoria.<sup>78</sup>
176. The augmented Electoral Commission observed that it was not numerically feasible to transfer these communities back to the Division of Flinders without further consequential changes elsewhere. Further, any alternatives proposed or other adjustments necessary to accommodate these changes within the requirements of the Electoral Act would not result in an improved outcome at this time.
177. The augmented Electoral Commission concluded the Redistribution Committee's proposal was sound and should be adopted without change.
178. The southern part of Casey City Council will be located in the Division of Holt.

### The electoral division in which the locality of Kilsyth is located

179. The Redistribution Committee proposed transferring the locality of Kilsyth from the Division of Casey to the proposed Division of Deakin as part of balancing elector numbers across the electoral divisions in Melbourne's eastern suburbs.<sup>79</sup>
180. Objections to the proposed redistribution advocated for Kilsyth to be located in the Division of Casey to better reflect communities of interest and unite most of Yarra Ranges Shire Council in that electoral division.<sup>80</sup> Some objections recommended consequential changes to the Divisions of Aston, Chisholm and Kooyong to accommodate this movement, considering that this improved on the Redistribution Committee's proposal as it united Knox City Council in the Division of Aston, united the locality of Vermont South and provided more readily identifiable boundaries around the locality of Surrey Hills.<sup>81</sup>
181. Some objections also argued that by locating Kilsyth in the Division of Casey, it may be possible to put more of Maroondah City Council in the Division of Deakin by transferring the locality of Warranwood from the Division of Menzies.<sup>82</sup>

75 Objections, comments on objections and submissions to the inquiries which referred to this matter include: OB10 – Christopher Day, OB68 – Martin Gordon, OB92 – Jeff Waddell, OB217 – Casey Coastal Villages, OB286 – Michael Ritchie, OB354 – Liberal Party of Australia (Victorian Division), COB39 – Jeff Waddell, IW28 – Don Jewell, IM6 – Martin Gordon and IM32 – Nick Demiris and Adam Wojtonis – Liberal Party of Australia (Victorian Division).

76 Objections and submissions to the inquiries which referred to this matter include: OB217 – Casey Coastal Villages and IW28 – Don Jewell.

77 Objections which advocated for alternative boundaries include: OB68 – Martin Gordon, OB92 – Jeff Waddell, OB286 – Michael Ritchie and OB354 – Liberal Party of Australia (Victorian Division).

78 Comments on objections and submissions to the inquiries which referred to this matter include: COB6 – Darren McSweeney and IM23 – Charles Richardson.

79 Redistribution Committee for Victoria, *op. cit.*, page 52

80 Objections and comments on objections which referred to this matter include: OB231 – Yarra Ranges Council, OB232 – Len Cox, OB259 – Maroondah City Council, OB372 – Brett Whelan, OB408 – Charles Richardson and COB38 – Dr Mark Mulcair.

81 Alternative boundaries for this area were proposed by: OB372 – Brett Whelan and OB408 – Charles Richardson.

82 Objections which referred to this matter include: OB259 – Maroondah City Council and OB363 – Maroondah Business Group.

182. The augmented Electoral Commission considered the arguments advanced in objections or comments on objections and observed that the consequential changes suggested for the Divisions of Aston, Chisholm and Kooyong would better reflect communities of interest and improve electoral boundaries, but that the proposed change to Warranwood would result in the Division of Menzies not meeting the numerical requirements of the Electoral Act.
183. The augmented Electoral Commission concluded the Redistribution Committee's proposal could be improved and has placed:
- that part of the locality of Kilsyth located in Yarra Ranges Shire Council in the Division of Casey,
  - the locality of Vermont South in its entirety in the Division of Deakin,
  - that part of the locality of Upper Ferntree Gully located in Knox City Council, and the locality of Rowville in its entirety, in the Division of Aston, thus aligning the boundary of the Division of Aston with that of Knox City Council, and
  - that part of the locality of Surrey Hills located to the south of Canterbury Road and east of Warrigal Road in the Division of Chisholm.

### The location of the boundary between the Divisions of Bruce, Hotham and Isaacs

184. The Redistribution Committee proposed significant change to the Divisions of Bruce, Hotham and Isaacs to address low elector numbers in the eastern suburbs of Melbourne and strong growth in the south-east. The proposed Division of Bruce became aligned east-west and absorbed excess enrolment from the Division of Holt, and there was a move away from using the Pakenham Railway Line as a boundary.<sup>83</sup>
185. Objections advocated for a return to existing boundaries between these electoral divisions, arguing that communities of interest were divided and boundaries unclear. Some objections noted that the proposed boundaries would divide communities around Dingley Village, Springvale South and Clayton, and around Dandenong and Keysborough, with the boundaries placing residents of these communities in one electoral division and their community hubs and services in another.<sup>84</sup>
186. A number of objections argued that the use of Kirkham Road as a boundary was unclear and advocated that the boundary be moved further north to Dandenong Creek, Cheltenham Road, or in several objections, returned to the Pakenham Railway Line.<sup>85</sup>
187. A number of objections also advocated that the proposed boundary around Sandown Racecourse and Springvale Cemetery was unclear and argued that it be moved to stronger, more recognisable features such as Springvale Road.<sup>86</sup>
188. The augmented Electoral Commission noted the weakness of Kirkham Road and the Sandown Racecourse as boundaries and observed that these concerns could be addressed through an adjustment of the boundaries between the Divisions of Bruce, Hotham and Isaacs. As these changes would better reflect communities of interest and would provide stronger and more readily identifiable electoral division boundaries, the augmented Electoral Commission concluded the Redistribution Committee's proposal could be improved by:

84 Objections, comments on objections and submissions to the inquiries which referred to this matter are listed in Table AG.

- placing that part of the locality of Springvale located to the east of Springvale Road in the Division of Bruce,
- altering the boundary between the Divisions of Bruce and Isaacs to follow Eastlink north from Cheltenham Road, then south-east along the Pakenham Railway Line to the point of intersection with the South Gippsland Highway, and
- altering the boundary between the Divisions of Hotham and Isaacs such that the Dingley Bypass and Westall Road Extension are adopted as the boundary between Kingston and Springvale Roads.

### The electoral division(s) in which the locality of Gowanbrae is located

189. The Redistribution Committee proposed placing the locality of Gowanbrae in the Division of Calwell, recognising that it is only accessible via Coventry Street and is effectively cut off from other localities in the proposed Division of Wills.<sup>87</sup>
190. Objections argued that Gowanbrae has little affinity with the proposed Division of Calwell and its community of interest lies south in the proposed Division of Maribyrnong. Some objections argued that Gowanbrae could be transferred to the Division of Maribyrnong, with the proposed Divisions of Calwell and Maribyrnong still being within the numerical requirements of the Electoral Act.<sup>88</sup>
191. The augmented Electoral Commission noted that Gowanbrae could be located in the Division of Maribyrnong and as these changes would better reflect communities of interest, the augmented Electoral Commission concluded the Redistribution Committee's proposal could be improved. The augmented Electoral Commission noted that it was also possible to transfer those parts of the localities of Keilor Park and Tullamarine located to the south of the Western Ring Road, thus keeping the Coventry Street access point in the same electoral division as Gowanbrae, and providing a strong boundary between the Divisions of Calwell and Maribyrnong in the Western Ring Road between Moonee Ponds Creek and the Calder Freeway.
192. The locality of Gowanbrae and those parts of the localities of Keilor Park and Tullamarine to the south of the Western Ring Road will be located in the Division of Maribyrnong.

### The electoral division(s) in which Hume City Council is located

193. The Redistribution Committee proposed excising most of Hume City Council from the Division of McEwen, with the exception of the locality of Sunbury, meaning the proposed Division of McEwen lost some, but not all, of its urban fringes and remained an electoral division which serves as an interface between greater Melbourne and the provincial and rural electoral divisions to the north.<sup>89</sup>
194. Objections and comments on objections argued that more rural parts of Hume City such as Bulla and Wildwood should also be retained in the more regional Division of McEwen and that the strong boundary of the Calder Freeway should be maintained at Diggers Rest, suggesting that these communities have a stronger connection to Sunbury than to communities in the Divisions of Gorton or Calwell.<sup>90</sup>

88 Objections and comments on objections which referred to this matter include: OB118 – Dr Mark Mulcair, OB268 – Mark Dal-Corobbo, OB299 – Gowanbrae Residents Group, COB6 – Darren McSweeney, COB38 – Dr Mark Mulcair, COB42 – Gowanbrae Residents Group and COB99 – Charles Richardson.

90 Objections and comments on objections which advocated for this change include: OB250 – Stephen Coughlan, COB6 – Darren McSweeney, COB38 – Dr Mark Mulcair and COB99 – Charles Richardson.

195. As these changes would better reflect communities of interest and provide for stronger and more readily identifiable electoral division boundaries, the augmented Electoral Commission concluded the Redistribution Committee's proposal could be improved.
196. The localities of Wildwood and Bulla, that part of the locality of Oaklands Junction west of Deep Creek, and that part of the locality of Diggers Rest east of the Calder Freeway will be located in the Division of McEwen. This results in Hume City Council being shared between the Divisions of Calwell and McEwen rather than the Divisions of Calwell, Gorton and McEwen as was proposed by the Redistribution Committee

### The electoral division(s) in which the locality of Williams Landing is located

197. The Redistribution Committee proposed splitting the locality of Williams Landing between the proposed Divisions of Gellibrand and Lalor to maintain an equitable balance of electors between the two electoral divisions.<sup>91</sup>
198. Two objections advocated for the unification of Williams Landing in the Division of Gellibrand, arguing it would improve boundaries and unite a growth community.<sup>92</sup>
199. The augmented Electoral Commission noted that the proposed boundary splitting Williams Landing along the Federation Trail could be strengthened and it was possible to accommodate this change within the numerical requirements of the Electoral Act.
200. As these changes would better reflect communities of interest and improve electoral boundaries, the augmented Electoral Commission concluded the Redistribution Committee's proposal could be improved.
201. The locality of Williams Landing will be located in the Division of Gellibrand.

### The location of the boundary between the Divisions of La Trobe and Monash

202. The Redistribution Committee proposed transferring the localities of Bunyip North, Garfield North, Maryknoll, Tonimbuk and Tynong North to the proposed Division of La Trobe as part of the transfer of the Pakenham growth area to that electoral division. The Princes Freeway was proposed as a strong and recognisable boundary between the proposed Divisions of La Trobe and Monash at these localities.<sup>93</sup>
203. Several objections and comments on objections argued that these communities were united by the Princes Freeway rather than divided and that the communities north of the Princes Freeway were strongly connected to those to the south of the Princes Freeway.<sup>94</sup>
204. The augmented Electoral Commission noted that it would be possible to make these adjustments within the numerical requirements of the Electoral Act and as these changes would better reflect communities of interest, the augmented Electoral Commission concluded the Redistribution Committee's proposal could be improved.
205. The localities of Bunyip North, Garfield North, Maryknoll, Tonimbuk and Tynong North will be located in the Division of Monash.

92 Objections which advocated for this include: OB92 – Jeff Waddell and OB190 – Tony Hooper.

## Movement of electors between electoral divisions

206. The Redistribution Committee noted that it was required to increase or decrease the number of electors in at least 27 of Victoria's 37 electoral divisions. The respective geographical locations of the electoral divisions requiring change, together with the need to create a new electoral division, were acknowledged by the Redistribution Committee as leading to some consequential changes to additional electoral divisions. As a consequence of making changes to all of the existing electoral divisions in Victoria and creating one new electoral division, the Redistribution Committee proposed transferring 791,606 electors, or 19.48 per cent of electors enrolled in Victoria at the commencement of the redistribution, to another electoral division.<sup>95</sup>
207. The augmented Electoral Commission was also required to increase or decrease the number of electors in at least 27 of Victoria's 37 electoral divisions and to create a new electoral division. As the augmented Electoral Commission adopted the Redistribution Committee's proposal with some modifications, the extent of elector movements between electoral divisions is reduced from that proposed by the Redistribution Committee.
208. The adjustments to electoral division boundaries made by the augmented Electoral Commission will cause 22,083 fewer electors to move between electoral divisions than was proposed by the Redistribution Committee. Table N outlines the extent of elector movements resulting from changes to the boundaries of electoral divisions by the augmented Electoral Commission.

**Table N: Summary of movement of electors between electoral divisions**

	Number	Percentage
Electors remaining in their electoral division	3,294,735	81.07%
Electors transferred to another electoral division	769,523	18.93%
<b>Total</b>	<b>4,064,258</b>	<b>100.00%</b>

209. The Redistribution Committee's proposal to rename the Divisions of Corangamite, Melbourne Ports, McMillan and Murray would have resulted in 428,473 electors, or 10.54 per cent of electors enrolled in Victoria at the commencement of the redistribution, proposed to live in an electoral division with a new name.<sup>96</sup>
210. As the augmented Electoral Commission has modified the Redistribution Committee's proposal by retaining the name 'Corangamite' and renaming the former Division of Batman to 'Cooper', 6,668 more electors will live in an electoral division with a new name. Table O displays the number of electors affected by a change in the name of an electoral division.

**Table O: Electors affected by a change in the name of an electoral division**

Electors whose electoral division is renamed	435,141	10.71%
Electors whose electoral division's name is retained	3,629,117	89.29%

## Redistribution of Victoria – by electoral division

211. For each of the electoral divisions in Victoria, Table P presents:

- initial enrolment based on enrolment figures as at Monday 4 September 2017,
- percentage variation from the current enrolment quota,
- projected enrolment as at Sunday 25 August 2019,
- percentage variation from the projected enrolment quota, and
- the approximate area of each electoral division.

212. Numerical summaries of the electoral divisions are provided in Appendix M. These summaries are provided to assist electors to identify if their electoral division has been altered as a result of this redistribution.

# Chapter 3: Implementation of the redistribution

This chapter outlines what the implementation of the redistribution means in practice for residents of Victoria.

213. In accordance with sub-section 73(1) of the Electoral Act, the electoral divisions described in this report came into effect from Friday 13 July 2018 as this is the day on which the augmented Electoral Commission published a notice in the Gazette determining the names and boundaries of electoral divisions in Victoria.
214. However, members of the House of Representatives will not represent or contest these electoral divisions until after a writ is issued for a general election following the expiration or dissolution of the House of Representatives.
215. In practice, this means:
  - electors will continue to be represented by the members of the House of Representatives who were elected at the most recent federal general election on Saturday 2 July 2016 or at a by-election held after this date,
  - members of the House of Representatives represent the electoral divisions which were in place at the most recent federal general election on Saturday 2 July 2016,
  - where relevant, allowances for members of the House of Representatives are calculated based on the electoral divisions in place at the most recent federal general election,
  - from Friday 13 July 2018, enrolment statistics will be published based on the electoral divisions described in this report,<sup>97</sup> and
  - from Friday 13 July 2018, members of the House of Representatives are able to request copies of the electoral roll for any electoral division which includes all or part of the electoral division for which they were elected.<sup>98</sup>

## When do the new electoral divisions apply?

216. While the new names and boundaries of electoral divisions apply from Friday 13 July 2018, elections will not be contested on these new electoral divisions until a writ is issued for a general election following the expiration or dissolution of the House of Representatives.

97 Section 58 of the Electoral Act requires the Electoral Commissioner to publish on a monthly basis, via a notice in the Gazette, the number of electors enrolled in each electoral division, the average divisional enrolment for each state and territory and the extent to which each electoral division differs from the average divisional enrolment.

98 Item 15 of sub-section 90B(1) of the Electoral Act specifies the information from the electoral roll which can be supplied to a member of the House of Representatives whose electoral division is affected by a redistribution.

## Do I need to do anything to change my electoral division?

217. Individuals do not need to take any action where their electoral division changes as the result of a redistribution. Section 86 of the Electoral Act requires the AEC to:
- transfer the elector to the new electoral roll, and
  - notify the elector their electoral division has changed.<sup>99</sup>

## For how long will the new electoral divisions apply?

218. Sub-section 73(1) of the Electoral Act provides that the new electoral divisions apply until the determination of the next redistribution via publication of a notice in the Gazette. This determination may be made as a result of sub-section 73(1) or sub-section 76(6) of the Electoral Act.

## On which electoral divisions would a by-election be contested?

219. By-elections are conducted using the electoral divisions which existed prior to the determination of the redistribution, as provided by sub-sections 73(6) and 73(7) of the Electoral Act.

## How do I find out if my electoral division has changed?

220. You can check your enrolment by using the AEC's online enrolment verification facility available at: [www.aec.gov.au/check](http://www.aec.gov.au/check). For privacy reasons, your electoral enrolment will only be confirmed if the details you enter are an exact match to your details on the electoral roll.
221. Alternatively, you can contact the AEC on 13 23 26 or use the 'Find my electorate' tool on the AEC website at [www.aec.gov.au/electorate](http://www.aec.gov.au/electorate), which will enable you to find:
- which federal electorate you live in,
  - a profile and map of your electoral division, and
  - the name of the incumbent member of the House of Representatives for your electoral division.

## Do I need to know my electoral division to enrol or update my enrolment details?

222. No, all you need to do is provide the details of your residential address and the AEC will tell you which electoral division you are enrolled for. You can enrol by using:
- the AEC's online enrolment service available at: [www.aec.gov.au/enrol/](http://www.aec.gov.au/enrol/),
  - the single page online form available from the AEC website,
  - completing and printing a PDF enrolment form available from the AEC website and returning it to the AEC, or
  - picking up an enrolment form at any AEC office or Australia Post outlet and returning it to the AEC.

<sup>99</sup> Sub-section 86(3) of the Electoral Act provides for this notification to be via a notice published in a newspaper or a notice delivered to the elector's address.

Where can I find information about the new electoral divisions?

223. Maps and descriptions of the new electoral divisions are available on the AEC website.

Where can I find information about the electoral divisions which applied at the 2016 federal election?

224. Maps and descriptions of previous electoral divisions are available on the AEC website.

Is geospatial data for the new electoral divisions available?

225. Individual state/territory boundaries are available on the relevant redistribution page and on the *Maps and Spatial Data* page of the AEC website.

## Appendix B: Operation of statutory requirements for the making of a redistribution

Section 73 of the Electoral Act requires the augmented Electoral Commission to abide by the following requirements:

- make a determination of the names and boundaries of the electoral divisions of Victoria by a notice published in the Gazette,
- ensure the number of electoral divisions Victoria is divided into equals the number of members of the House of Representatives to be chosen in Victoria at a general election, and
- abide by the following requirements:

*(4) In making the determination, the augmented Electoral Commission:*

*(a) shall, as far as practicable, endeavour to ensure that the number of electors enrolled in each Electoral Division in the State or Territory will not, at the projection time determined under section 63A, be less than 96.5% or more than 103.5% of the average divisional enrolment of that State or Territory at that time; and*

*(b) subject to paragraph (a), shall give due consideration, in relation to each proposed Electoral Division, to:*

*(i) community of interests within the Electoral Division, including economic, social and regional interests;*

*(ii) means of communication and travel within the Electoral Division;*

*(iv) the physical features and area of the Electoral Division; and*

*(v) the boundaries of existing Divisions in the State or Territory;*

*and subject thereto the quota of electors for the State or Territory shall be the basis for the proposed redistribution, and the augmented Electoral Commission may adopt a margin of allowance, to be used whenever necessary, but in no case shall the quota be departed from to a greater extent than one-tenth more or one-tenth less.*

*(4A) When applying subsection (4), the augmented Electoral Commission must treat the matter in subparagraph (4)(b)(v) as subordinate to the matters in subparagraphs (4)(b)(i), (ii) and (iv).*

These statutory requirements are expressed in a hierarchical order.

The purpose of paragraph 73(4)(a) of the Electoral Act is suggested by its history. It has undergone some transformation since the *Commonwealth Electoral Legislation Amendment Act 1983* stipulated that boundaries were to be drawn, as far as practicable, to achieve equal numbers of electors in each of a state's electoral divisions three-and-a-half years after a redistribution. By 1984 'it was observed that the three-and-a-half year rule had in some areas forced the adoption, on purely numerical grounds, of boundaries which took little account of perceived community of

interest'.<sup>100</sup> Therefore, in 1987, the rule was relaxed to permit a measure of tolerance to plus or minus two per cent from average projected enrolment. Subsequently, the Joint Standing Committee on Electoral Matters concluded that:

*the numerical criteria do not allow "due consideration", in the words of the Act, to be given to the qualitative factors. Rather, the political parties and others attempting to frame electoral boundaries essentially find themselves engaged in a mathematical modelling exercise. In order to relax the enrolment requirements to that extent necessary to allow a realistic degree of flexibility the Committee recommends ... that subsections 66(3)(a) and 73(4)(a) of the Electoral Act be amended, so as to extend the variation from average divisional enrolment allowed three-and-a-half years after a redistribution from two to 3.5 percent.*<sup>101</sup>

The Joint Standing Committee on Electoral Matters also, in the same report, refers to its recommended amendment as one that 'would maintain substantial restrictions on malapportionment [and] would allow other legitimate policy objectives to be more effectively met'.

Paragraph 73(4)(a) of the Electoral Act follows this recommendation. The terms of the recommendation, and the discussion which preceded it, make clear the purpose of paragraph 73(4)(a), as it now stands, and how it was intended to interact with the other criteria set out in the subparagraphs of paragraph 73(4)(b), to which also 'due consideration' must be given. The augmented Electoral Commission has considered the objections to the proposed redistribution, comments on objections and submissions to the inquiries and made its redistribution on this basis.

In summary, the primary criteria are to:

- endeavour to ensure that the number of electors in the electoral divisions are within a range of 3.5 per cent below or above the projected enrolment quota at the projection time, and
- ensure that current enrolments are within 10 per cent below or above the current enrolment quota.

The secondary criteria are community of interests, means of communication and travel, and physical features and area. The augmented Electoral Commission also considers the boundaries of existing electoral divisions; however this criterion is subordinate to the others.

## Appendix H: Constructing electoral boundaries

The AEC maintains the electoral roll on the basis of alignment to SA1s, and is able to provide data on enrolments and projected enrolments at this level. Accordingly, in formulating its proposals, the augmented Electoral Commission used SA1s as its basic building blocks. The SA1s have defined boundaries and are of differing sizes and shapes. In cases where the augmented Electoral Commission considered that a particular SA1 boundary was inappropriate for use as an electoral division boundary, the SA1 was split to provide a more meaningful boundary.

The indicative area of electoral divisions in Victoria has been calculated by aggregating the area of:

- all land-based SA1s;
- any parts of land-based SA1s; and
- any lakes, ponds, rivers, creeks, wetlands or marshes not already included in land-based SA1s, that are contained within the divisional boundary of each electoral division.

Areas are calculated using the AEC's Electoral Boundary Mapping System (EBMS), developed within the 'MapInfo Professional' software package.

The augmented Electoral Commission used EBMS as an aid to modelling various boundary options.

# Appendix I: Announcement of the augmented Electoral Commission's proposed redistribution

The text of the augmented Electoral Commission's public announcement of their proposed redistribution, issued on Wednesday 20 June 2018, is reproduced below.

## Names and boundaries of federal electoral divisions in Victoria decided

The augmented Electoral Commission for Victoria today announced the outcome of its deliberations on the names and boundaries of the 38 federal electoral divisions in Victoria.

Mr Tom Rogers, the presiding member and Electoral Commissioner, thanked the individuals and organisations who contributed to the redistribution.

"All written objections and comments as well as the information presented at the inquiries in Winchelsea and Melbourne have been carefully considered in deciding the final boundaries," Mr Rogers said.

"The augmented Electoral Commission has unanimously agreed to rename the Division of Batman to recognise William Cooper, and to modify the boundaries of 22 of the electoral divisions initially proposed. The augmented Electoral Commission has also unanimously accepted the Redistribution Committee's proposed boundary changes to the remaining electoral divisions, the creation of the new Division of Fraser, and the adoption of three of the Redistribution Committee's proposed new names."

Below is a brief outline of:

- Electoral division names,
- Boundaries, and
- Next steps.

### Editor's notes:

- Initial proposal for the redistribution of Victoria (6 April 2018)
- Written objections and comments on those objections are all available via the AEC website as well as a full overview of the augmented Electoral Commission's conclusions on objections.
- Further information about the redistribution process
- **ACT redistribution:** The augmented Electoral Commission for the Australian Capital Territory is still deliberating on the names and boundaries of the three federal electoral divisions in the Australian Capital Territory.
- **SA redistribution:** The augmented Electoral Commission for South Australia is still deliberating on the names and boundaries of the 10 federal electoral divisions in South Australia.

### Electoral division names

Mr Rogers said that the augmented Electoral Commission had adopted the majority of the names proposed by the Redistribution Committee for Victoria with the following alterations.

- retaining the name of the Division of Corangamite (previously proposed to be renamed the Division of Cox), and
- renaming the Division of Batman to 'Cooper', to recognise the contributions of William Cooper.

## William Cooper

Mr Cooper was a spokesman for Aboriginal people who, as secretary of the Australian Aborigines League presented a petition and led deputations to authorities, calling for direct representation in parliament, enfranchisement, land rights and federal control of Aboriginal affairs.

In 1938 Mr Cooper lodged a personal protest against the treatment of European Jews in Nazi Germany following Kristallnacht.

## Victorian division names

Once the redistribution is formally determined on 13 July 2018:

- 11 of Victoria's 38 electoral divisions (28.95%) will be named for an Aboriginal person or word,
- the number of Victoria's electoral divisions named after women will have increased by one to five, as well as one electoral division being jointly named for a wife and husband, and
- more than 25% of Victoria's electoral divisions names will be that of an original federation electoral division

## Boundaries

The augmented Electoral Commission has modified the Redistribution Committee's initial redistribution proposal by placing:

- the part of the locality of Kilsyth in Yarra Ranges Shire Council in the proposed Division of Casey
  - the Redistribution Committee had proposed locating this part of the locality in the proposed Division of Deakin
- the entirety of the locality of Vermont South in the proposed Division of Deakin
  - the Redistribution Committee had proposed locating part of this locality in the proposed Division of Chisholm
- the part of the locality of Surrey Hills to the east of Warrigal Road and south of Canterbury Road in the proposed Division of Chisholm
  - the Redistribution Committee had proposed locating this part of the locality in the proposed Division of Kooyong
- the entirety of the localities of Bulla, Clarkefield and Wildwood, and part of the localities of Diggers Rest and Oaklands Junction, in the proposed Division of McEwen
  - the Redistribution Committee had proposed locating these localities in the proposed Division of Calwell, with the exception of part of Diggers Rest which was proposed to be located in the Division of Gorton
- the localities of Barunah Park, Barunah Plains and Wingeel in the proposed Division of Corangamite
  - the Redistribution Committee had proposed locating these localities in the proposed Division of Wannon
- the locality of Gowanbrae, and those parts of the localities of Keilor Park and Tullamarine south of the Western Ring Road, in the proposed Division of Maribyrnong
  - the Redistribution Committee had proposed locating these areas in the proposed Division of Calwell
- the part of the locality of Springvale to the east of Springvale Road in the proposed Division of Bruce
  - the Redistribution Committee had proposed locating some of this area in the proposed Division of Hotham

- the part of the locality of Springvale South to the west of Springvale Road, and all of the locality of Clayton South in the proposed Division of Hotham
  - the Redistribution Committee had proposed locating these areas in the proposed Division of Isaacs
- the entirety of Knox City Council in the proposed Division of Aston, including part of the locality of Upper Ferntree Gully and the entirety of the locality of Rowville
  - the Redistribution Committee had proposed locating this part of Upper Ferntree Gully in the proposed Division of Casey and part of the locality of Rowville in the proposed Division of Bruce
- those parts of the localities of Dandenong, Keysborough and Noble Park to the east of Eastlink and to the south of the Pakenham Railway line in the proposed Division of Isaacs
  - the Redistribution Committee had proposed locating these areas in the proposed Division of Bruce
- the localities of Bunyip North, Garfield North, Maryknoll, Tonimbuk and Tynong North in the proposed Division of Monash
  - the Redistribution Committee had proposed locating these localities in the proposed Division of La Trobe
- the entirety of the locality of Williams Landing in the proposed Division of Gellibrand
  - the Redistribution Committee had proposed locating part of this locality in the proposed Division of Lalor

The augmented Electoral Commission has also made a small number of minor alterations, involving little or no elector movement, to adhere to features or administrative boundaries.

## Next steps

The augmented Electoral Commission notes this proposal is not significantly different from the Redistribution Committee's proposal. Therefore no further input from members of the public will be sought.

The names and boundaries of the federal electoral divisions for Victoria will apply from Friday 13 July 2018 when a notice of determination is published in the *Commonwealth Government Notices Gazette*. Electoral events will not be contested on these new federal electoral divisions until a writ is issued for a full federal election.

Overview maps will be available on the AEC website on Friday 13 July 2018. Detailed maps and a report outlining the augmented Electoral Commission's reasons for its formal determination will be tabled in the Federal Parliament and will subsequently be made publicly available.

# Appendix J: Determination of electoral divisions in Victoria by the augmented Electoral Commission

The text of the augmented Electoral Commission's determination of electoral divisions in Victoria, published in the Gazette on Friday 13 July 2018, is reproduced below.

## Determination of names and boundaries of federal electoral divisions in Victoria

As determined by the Electoral Commissioner on 31 August 2017, Victoria is entitled to 38 members of the House of Representatives.

Pursuant to sub-section 73(1) of the *Commonwealth Electoral Act 1918* (the Electoral Act), the augmented Electoral Commission for Victoria has determined the names of the 38 electoral divisions are:

- Aston
- Ballarat
- Bendigo
- Bruce
- Calwell
- Casey
- Chisholm
- Cooper
- Corangamite
- Corio
- Deakin
- Dunkley
- Flinders
- Fraser
- Gellibrand
- Gippsland
- Goldstein
- Gorton
- Higgins
- Holt
- Hotham
- Indi
- Isaacs
- Jagajaga
- Kooyong
- La Trobe
- Lalor
- Macnamara
- Mallee
- Maribyrnong
- McEwen
- Melbourne
- Menzies
- Monash
- Nicholls
- Scullin
- Wannon
- Wills

Pursuant to sub-section 73(1) of the Electoral Act, the augmented Electoral Commission for Victoria has determined that the boundaries of these electoral divisions are as shown on the maps displayed on the Australian Electoral Commission website at [www.aec.gov.au/Electorates/Redistributions](http://www.aec.gov.au/Electorates/Redistributions) and lodged in file number 18/404 at the National Office of the Australian Electoral Commission in Canberra.

The augmented Electoral Commission for Victoria has made decisions in accordance with the requirements of sub-sections 73(3), 73(4) and 73(4A) of the Electoral Act.

As provided for by sub-section 73(1) of the Electoral Act, and subject to the provisions of the Electoral Act, the electoral divisions determined by this notice will apply from 13 July 2018 until the next determination of names and boundaries of electoral divisions in Victoria is published in the *Commonwealth Government Notices Gazette* pursuant to sub-section 73(1) or sub-section 76(6) of the Electoral Act.

Until the next following expiration or dissolution of the House of Representatives, the redistribution does not affect the election of a new member to fill a vacancy happening in the House of Representatives.

Tom Rogers  
Presiding Member  
Augmented Electoral Commission for Victoria

2) Electoral divisions named for an aboriginal word include those named for an anglicised version of an aboriginal word.  
3) Federation electoral divisions are those which were in place for the 1901 election.

## Appendix L: Guidelines for naming federal electoral divisions

Determining the names of federal electoral divisions is part of the process of conducting a federal redistribution within a state or territory.

The criteria used by redistribution committees to propose the names of electoral divisions, and used by augmented electoral commissions to determine the names of electoral divisions, have previously been the subject of recommendations from the Joint Standing Committee on Electoral Matters. From these recommendations, a set of guidelines were developed as a point of reference only.

It should be noted that redistribution committees and augmented electoral commissions are in no way bound by the guidelines.

### **Naming after persons**

In the main, electoral divisions should be named after deceased Australians who have rendered outstanding service to their country.

When new electoral divisions are created the names of former Prime Ministers should be considered.

### **Federation Divisional names**

Every effort should be made to retain the names of original federation electoral divisions.

### **Geographical names**

Locality or place names should generally be avoided, but in certain areas the use of geographical features may be appropriate (e.g. Perth).

### **Aboriginal names**

Aboriginal names should be used where appropriate and as far as possible existing Aboriginal divisional names should be retained.

### **Other criteria**

The names of Commonwealth electoral divisions should not duplicate existing state districts.

Qualifying names may be used where appropriate (e.g. Melbourne Ports, Port Adelaide).

Names of electoral divisions should not be changed or transferred to new areas without very strong reasons.

When two or more electoral divisions are partially combined, as far as possible the name of the new electoral division should be that of the old electoral division which had the greatest number of electors within the new boundaries. However, where the socio-demographic nature of the electoral division in question has changed significantly, this should override the numerical formula.

## Appendix M: General description of how electoral divisions are constituted

The following tables show how each electoral division has been constructed and are intended to assist electors to identify if their electoral division has been altered as a result of this redistribution.

The unit to display this construction is Statistical Area 2 (SA2).<sup>102</sup> Each SA2 comprises a number of SA1s. The SA1s and SA2s which applied at the 2011 Census of Population and Housing have been used.

Electoral divisions are displayed in alphabetical order.

<sup>102</sup> SA2s are an area defined in the Australian Statistical Geography Standard, and consist of one or more whole SA1s. Wherever possible, SA2s are based on officially gazetted state/territory suburbs and localities. In urban areas SA2s largely conform to whole suburbs and combinations of whole suburbs, while in rural areas they define functional zones of social and economic links. Geography is also taken into account in SA2 design.
