MOSMAN NSW 2088

25 July 2024

Dear Redistribution Committee,

I write to support Zali Steggall's objection #671 to the new boundary changes proposed by the redistribution committee.

As a community member residing in **Mosman**, I am concerned that the proposed adjustments to Warringah and North Sydney are inappropriately conceived and do not focus on accommodating expected growth or keeping together or improving representation of existing communities of interest.

Yours sincerely,

Amanda Durack
