# Objection 30

I object to the moving of Goulburn Mulwaree in the Hume electorate to the Eden Monaro electorate.

Angus Taylor has been an excellent Federal representative for Goulburn ever since he was elected about 10 years ago. He regularly visits the many little villages in the electorate and has a complete and realistic understanding of rural issues having grown up in the country on a property.

He is very approachable and is genuine in his attempts to solve our problems.

It will be an absolute disaster to lose someone who has spent so much of his own time getting to know his electorate and its issues.

It is the worst result you could imagine for Goulburn residents.
