While my redistribution abolishes a division named after a woman (Fowler) due to it being carved up so significantly this is offset by the creation of another division named after a woman (Walton) and the creation of a division named after an aboriginal person (Pemulwuy).

It should be noted my Bennelong and Bradfield are the exact same the tribunals the little section ive accidentally coloured in as Bennelong from Bradfield was an overlooked error

Parkes needs to increase voter numbers but as the largest division in the state needs to decrease territory i believe my version achieves this. By taking in Parkes and Forbes from Riverina and Liverpool Plains from New England while ceeding Gwydir and Moree Plains to New England.

In this map the area of SA2 Warragamba Silverdale is incorrectly coloured red instead of blue and apart of the new division of Walton

The SA2 of Quakers Hill coloured in Black should be coloured light blue as it is apart of Chifley not Lindsay. The outline however can be seen.

The SA2 of Warragamba - Silverdale coloured in orange should be coloured in dark blue as per the other maps as it is apart of the new division of Walton not Hume.

The Sa2 of Austal - Greendale coloured in black should be in fact in Dark Blue and apart of Walton not Werriwa.

The part of Bradfield now coloured red should still be light blue this is an error

It should be noted the SA2s of Quakers Hill, Hassle Grove - Plumpton, Glendenning - Dean Park, Blacktown (North) - Marayong, Rooty hill - Minchinbury and Doonside - Woodcroft in black should actually be in blue as per the Chifley map.
