## Warringah Redistribution Objection

My name is Sally Allen and I live in the Warringah electorate, specifically Dee Why.

My objection to changes for Warringah are

- 1) I have lived in the electorate since 1993 and do not wish to be removed from Warringah. The electorate is more consistent with my cultural view than McKellar.
- 2) I am deeply involved with the politics of our electorate
- 3) I feel that the proposed changes would affect the nature of the electorate which has shown itself to be a swinging electorate in recent federal elections. Currently the electorate is independent and these changes would move it substantially to the right.

Regards

Sally Allen
