Objection to AEC Boundary Changes Berowra Crossing the M2 Into Epping Town Centre

Date: Friday 21st June 2024

This is to confirm my objection to the proposed changes to AEC boundaries involving Epping and North Epping.

Splitting the suburb of Epping into two federal electorates, given years of work to keep single-seat representation in the Epping Town Centre across three levels of government makes no sense at any level.

Splitting North Epping from the suburbs that most residents travel to (Macquarie Park, Marsfield, Eastwood and further south along Epping Road) weakens the community bonds that exist – geographically and economically it makes sense to keep these areas together as they face local conditions and challenges together. Areas further north are not as strongly linked to the suburb of North Epping.

We trust this will be taken into account and these changes suspended.
