

**THE FEDERAL
REDISTRIBUTION
NEW SOUTH WALES**

Objection 320

Alexander Macfie

1 page

My name is Alexander Macfie and I have lived in Crows Nest for 24 years. I am strongly opposed to the redistribution of the federal seat of North Sydney. Our community here is vibrant and cohesive and would welcome new arrivals. This would be compromised by extending the boundaries. Our current local member is well respected and is aware of the many amenities the locality offers. My wife and I are strongly connected to local shops, medical centres, the community hall and library. Our local park is well patronised and public transport is well adapted to our needs. I fear that the ease of connections would be lost by the proposed distribution.

Please reconsider this short-sighted proposal.
