Objection 373

Isabella Toose

1 page

I, Isabella Toose objected to the changing of the electoral boundaries which would make Epping now part of Berowra Council.

Epping possesses much stronger cultural ties to those in the such as Eastwood and Marsfield and these connections between the suburbs have been built over decades. I personally feel no connection to the suburbs currently in the Berowra Council.

I do not feel that Berowra Council has the same political interest that Epping does and I fear that in moving us to a new electorate that it will be diluting the voice of Epping.

I hope you can hear the voices of the locals and do not move the boundaries surrounding Epping.
