Proposed changes to the Commonwealth  
Electoral Division of Bennelong

Dear Sir/Madam,

I wish to tender my objection to the proposed changes to relocate Epping and North Epping to the Division of Berowra.

1. Epping is the present location of the office of the sitting member representing Bennelong in the Commonwealth Parliament. Consider costs to relocate this office to a new location within the proposed boundary change.
2. Epping and North Epping share a much stronger community interest between Eastwood and Marsfield than Hornsby and Berowra.

It is worthy to note that Epping township also houses the office of the present member of the State Government representing the seat of Epping.
