

Objection 96

1 page

Objection to proposed federal electoral redistribution.

I wish to object to the proposed boundary changes for the electorate of Wills in Victoria.

It is proposed to remove areas in the north west of the present electorate such as Pascoe Vale and Glenroy and add areas formerly in Melbourne such as Carlton North and Fitzroy North. The north west areas have been part of Wills for many decades and residents have long identified with this electorate and its representatives.

.

The present electorate aligns fairly closely to the boundaries of the City of Merri-bek and represents that community of interest. The new boundaries will divide Merri-bek and also ignore the natural boundaries which form the boundaries of Merri-bek.

I urge the Commission to re-consider this proposed change.
