

Objection 114

Lucinda Willshire

1 page

I write to object to the proposed redistribution of the Federal seat of Higgins. I live in South Yarra and am a long term community member in the local government area of Stonnington.

I am concerned that abolishing Higgins will fragment our community and therefore our community's representation in Canberra. As a South Yarra resident it is illogical to me to be in the same seat as North Melbourne and Docklands.

Yours sincerely,

Lucinda Willshire
