Thank you for this opportunity to voice my concern on the proposed abolition of the Higgins electorate.

It concerns me deeply that by absorbing Higgins into nearby other electorates our local representation will become totally eliminated due to the extra size and workload that this will impose on other electoral representatives.

We have been very well served by our local members and we feel strongly that by removing Higgins we also lose excellent members who have made huge efforts to know their community and have represented us very very well.

We plead with you to reconsider this proposal and to allow the proper role of our long standing democracy that gives voice to the people and excellent representation.

Sincerely

Philip Bliss
