

Objection 341

Sharann Johnson

1 page

As a member of Higgins for over 50 years, I do not want the seat of Higgins abolished. I want one strong advocate– not have their representation divided amongst five Federal Members of Parliament.

I pay my taxes and want to have a strong advocate for my region. The rights of the tax payer and community are being eroded away by local councils, state politician and federal politicians. Hence my rights and voice are being lost.
